**Subject:** Fw: 23-00075 Cincinnati Bell Extended Territories Reseller Application

Mr. Welch,

In addition to the pre-filed testimony, we also need a Notice of Filing and Certificate of Service to the ILEC, just as a CLEC applicant would be required to submit. Our procedures for processing these applications have recently been revised, since Resellers are also getting a CCN. If you have additional questions about the revised procedure, I can refer you to someone in our Legal Division for specific details.

Thanks,  
Lisa Foust

**Subject:** 23-00075 Cincinnati Bell Extended Territories Reseller Application

Mr. Welch,

In regard to the Application of Cincinnati Bell Extended Territories dba altafiber connected services for a Certificate to Provide Operator Services and/or Resell Telecommunications Services in Tennessee, we will need pre-filed testimony, as these applications are now being processed like CLEC applications. If you can submit pre-filed testimony for 23-00075, we can proceed with processing the application.

Thank You,
