RE: Letter of Support for the Truine Community's Petition of Superior Wastewater Systems, LLC for a Certificate of Convenience and Necessity Amendment to Provide Wastewater Services

Dear Mr. Hilliard,

I present this letter to document my support of the Truine Community's Petition of Superior Wastewater Systems, LLC for a Certificate of Convenience and Necessity Amendment to Provide Wastewater Services. I am acting in coordination with District 5 Commissioners and the Mayor of Williamson County to bring vital commercial services for a rapidly growing community that needs a public wastewater provider.

Williamson County does not provide public sewer services which has created issues for an area that has been granted a special area plan by the county. A member of Superior Wastewater Systems, Mr. John Powell, has already obtained access to drip fields for the area – a necessity to provide wastewater services. In talking to the county, this company is the only sewer provider they believe can maintain the support needed to expand this area.

I strongly support this petition and ask that you consider approving the Petition of Superior Wastewater Systems to provide sewer services to the Triune area. If I can be of further assistance on this matter, please feel free to contact my office.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jack Johnson", with a long horizontal flourish extending to the right.

Jack Johnson
Tennessee Senate Majority Leader

District 27
Williamson County
