RE: Letter of Support for the Triune Community's Petition of Superior Wastewater Systems, LLC for a Certificate of Convenience and Necessity Amendment to Provide Wastewater Services

Dear Mr. Hilliard,

Please receive this letter as an endorsement of my support of the Triune Community's Petition of Superior Wastewater Systems, LLC for a Certificate of Convenience and Necessity Amendment to Provide Wastewater Services. My support goes hand in hand with the support of our County Mayor, Rogers Anderson, as well as County Commissioners Sanford and Smith. The Triune community is growing and is in need of the important services able to be provided by the company above.

Since Williamson County does not provide public sewer services, this creates a problem for the special area plan granted by the county. A member of Superior Wastewater Systems, Mr. John Powell, has already obtained access to drip fields for the area — a necessity to provide wastewater services. I've spoken to folks in the County and I'm told they believe this company is the only sewer provider able to provide the services needed.

I strongly support this petition and ask that you consider approving the Petition of Superior Wastewater Systems to provide sewer services to the Triune area. If I can be of further assistance on this matter, please feel free to contact my office.

Sincerely,  
Rep. Jake McCalmon
