

**IN THE TENNESSEE PUBLIC UTILITY COMMISSION
AT NASHVILLE, TENNESSEE**

IN RE:

**PETITION OF ATMOS ENERGY)
CORPORATION FOR APPROVAL)
OF ITS 2024 ANNUAL RATE)
REVIEW FILING PURSUANT TO)
TENN. CODE ANN. § 65-5-103(d)(6))**

DOCKET NO. 24-00006

STIPULATION AND SETTLEMENT AGREEMENT

In a compromise and settlement of the outstanding issues in this matter, Tennessee Public Utility Commission (“TPUC” or “Commission”) Docket No. 24-00006, Jonathan Skrmetti, the Tennessee Attorney General and Reporter, by and through the Consumer Advocate Division (“Consumer Advocate”) of the Financial and Regulatory Section, and Atmos Energy Company (“Atmos Energy” or the “Company”) (collectively, the “Parties”), respectfully submit this Stipulation and Settlement Agreement (“Settlement Agreement”).

BACKGROUND

1. On January 30, 2024, the Company filed the *Petition of Atmos Energy Corporation for Approval of its 2024 Annual Rate Review Filing Pursuant to Tenn. Code Ann. § 65-5-103(d)(6)* (“Petition”) seeking approval of new rates pursuant to its alternative ratemaking mechanism as approved in TPUC Docket No. 14-00146 and as modified in TPUC Docket No. 18-00112.

2. On April 4, 2024, the Consumer Advocate filed the *Direct Testimony of William H. Novak* (“Consumer Advocate’s testimony”), which raised certain objections to portions of the calculations accompanying the Company’s Petition.

3. On April 22, 2024, The Company filed the *Rebuttal Testimony of William Matthews* (“Company’s Rebuttal testimony”) in response to the issues raised by the Consumer Advocate’s testimony.

II. SETTLEMENT AGREEMENT TERMS

4. The Parties to this Settlement Agreement have undertaken discussions to resolve the remaining disputed issues in this case. As a result of the information obtained during the discussions between the Parties, and for the purpose of avoiding further litigation and resolving this matter upon acceptable terms, the Parties have reached this Settlement Agreement. Subject to the TPUC’s approval, in furtherance of this Settlement Agreement, the Parties have agreed to the settlement terms set forth below:

5. The Parties agree to reduce the Company’s revenue deficiency to \$19,415,875, which is a reduction of \$973,747 from the Company’s filed position of \$20,389,622. This change is the result of the Parties agreeing to make: (i) a *pro forma* adjustment to Other Revenues to mirror the amount collected in the Company’s last full rate case, Docket No. 14-00146, but as calculated according to the Company’s position regarding the forfeited discount factor;¹ (ii) certain adjustments to the Company’s cost of capital to correct cost rates for both short-term and long-term debt, as recommended in the Consumer Advocate’s testimony and accepted in the Company’s

¹ While Atmos Energy agreed, for the purposes of settlement only, with the Consumer Advocate’s calculation of the Pro Rata Portion of the Other Revenue Adjustment of \$1,136,403, Atmos Energy disagreed with the Consumer Advocate’s \$134,768 adjustment to the revenue conversion factor. The revenue conversion factor represents a percentage that is applied to the increase in net operating income to produce enough revenue to offset incremental income taxes. One component of this revenue conversion factor relates to the Company’s Forfeited Discount Ratio. To compute the Forfeited Discount Ratio, the Consumer Advocate’s expert used the same factor that was adopted in the Company’s last rate case in 2014. In the 2014 rate case, the Forfeited Discount ratio was based on the expected gross margin – that is Forfeited Discounts divided by Gross Margin. However, in 2018, the Commission adopted a method of basing the Forfeited Discount Ratio on total revenues – that is Forfeited Discounts divided by Total Revenues. The difference between these two methods (Gross Margin vs. Revenues) results in the \$134,768 component adjustment to Forfeited Discounts shown in the settlement model attached as Exhibit B. In an effort to settle this matter, the Consumer Advocate will not contest the Company’s use of the 2018 method of basing the Forfeited Discount Ratio on total revenues. A pro forma adjustment will not be necessary in future ARM filings since Atmos Energy has reimplemented the forfeited discount provision of its tariff and will have data for a 12-month period.

Rebuttal testimony; (iii) those miscellaneous adjustments recommended in the Consumer Advocate's testimony; and (iv) the revenue split between the base charges and volumetric charges in rate design presented in the Consumer Advocate's testimony and included in this Settlement Agreement as Exhibit A. A complete model setting forth how this revenue deficiency was calculated for purposes of this Settlement Agreement is attached as Exhibit B. These changes have been agreed to solely for purposes of resolving this matter without litigation, and inclusion of this provision does not reflect the adoption of any methodology regarding these issues by the Parties in future ARM filings. Notwithstanding the inclusion of this provision in this Settlement Agreement, the Parties reserve their respective rights regarding these issues in future ARM proceedings.

6. The Settlement Agreement does not address any other issues or adjustments raised by the Consumer Advocate's testimony except those expressly agreed upon within this Settlement Agreement. Any issues or adjustments not expressly addressed in this Settlement Agreement are reserved by both Parties to be raised in future ARM proceedings.

7. All pre-filed discovery (formal and informal), testimony and exhibits of the Parties will be introduced into evidence without objection, and the Parties waive their right to cross-examine all witnesses with respect to all such pre-filed testimony. If, however, questions should be asked by any person, including a Commissioner, the Parties may present testimony and exhibits to respond to such questions and may cross-examine any witnesses with respect to such testimony and exhibits. The Parties would ask to permit any out-of-town witnesses to be available by telephone or video conference to reduce the costs associated with such appearance.

8. After the filing of this Settlement Agreement, the Parties agree to support this

Settlement Agreement before the TPUC and in any hearing, proposed order, or brief conducted or filed in this Docket. The provisions in this Settlement Agreement do not necessarily reflect the positions asserted by any Party. None of the Parties to this Settlement Agreement shall be deemed to have acquiesced in or agreed to any ratemaking or accounting methodology or procedural principle except for the limited extent necessary to implement the provisions hereof and to the extent expressly stated above.

9. This Settlement Agreement shall not have any precedential effect in any future proceeding or be binding on any of the Parties in this or any other jurisdiction except to the limited extent necessary for the enforcement and implementation of the provisions hereof and to the extent expressly stated above.

10. The Parties request the Commission to order that the settlement of any issue pursuant to this Settlement Agreement shall not be cited by the Parties or any other entity as binding precedent in any other proceeding before TPUC, or any court, state or federal, except to the limited extent necessary to implement the provisions hereof and for the limited purpose of enforcement should it become necessary.

11. The terms of this Settlement Agreement have resulted from extensive negotiations between the signatories and the terms hereof are interdependent. The Parties jointly recommend that TPUC issue an order adopting this Settlement Agreement in its entirety without modification.

12. If the Commission does not accept the settlement in whole, the Parties are not bound by any position or term set forth in this Settlement Agreement. In the event that TPUC does not approve this Settlement Agreement in its entirety, each of the signatories to this Settlement Agreement retains the right to terminate this Settlement Agreement by giving

notice of the exercise of such right within 15 business days of the date of such action by TPUC; provided, however, that the signatories to this Settlement Agreement could, by unanimous consent, elect to modify this Settlement Agreement to address any modification required by, or issues raised by, TPUC within the same time frame. Should this Settlement Agreement terminate, it would be considered void and have no binding precedential effect, and the signatories to this Settlement Agreement would reserve their rights to fully participate in all relevant proceedings notwithstanding their agreement to the terms of this Settlement Agreement.

13. By agreeing to this Settlement Agreement, no Party waives any right to continue litigating this matter should this Settlement Agreement not be approved by TPUC in whole or in part.

14. No provision of this Settlement Agreement shall be deemed an admission of any Party. No provision of this Settlement Agreement shall be deemed a waiver of any position asserted by a Party in this Docket or any other docket.

15. The Consumer Advocate's agreement to this Settlement Agreement is expressly premised upon the truthfulness, accuracy and completeness of the information provided by Atmos Energy to TPUC and the Consumer Advocate throughout the course of this Docket, which information was relied upon by the Consumer Advocate in negotiating and agreeing to the terms and conditions of this Settlement Agreement.

16. The acceptance of this Settlement Agreement by the Attorney General shall not be deemed approval by the Attorney General of any of Atmos Energy's acts or practices.

17. Each signatory to this Settlement Agreement represents and warrants that it/he/she has informed, advised and otherwise consulted with the Party for whom it/he/she

signs regarding the contents and significance of this Settlement Agreement and has obtained authority to sign on behalf of such Party, and based upon those communications, each signatory represents and warrants that it/he/she is authorized to execute this Settlement Agreement on behalf of its/his/her respecting Party.

18. This Settlement Agreement shall be governed by and construed under the laws of the State of Tennessee, Tennessee choice of law rules notwithstanding.

19. Nothing herein limits or alters the Sovereign Immunity of the State of Tennessee or any of its entities or subdivisions.

20. The Parties agree that approval of the Settlement Agreement will become effective upon the oral decision of TPUC.

The foregoing is agreed and stipulated to this 29 day of April, 2024.
