PETITION OF TENNESSEE-AMERICAN WATER COMPANY TO MODIFY TARIFF, CHANGE AND INCREASE CHARGES, FEES, AND RATES, AND FOR APPROVAL OF A GENERAL RATE INCREASE	))))))	**DOCKET NO. 24-00032**

TENNESSEE-AMERICAN WATER COMPANY'S RESPONSE
TO FIRST SET OF DISCOVERY REQUESTS OF THE CONSUMER ADVOCATE

Tennessee-American Water Company ("TAWC"), by and through counsel, hereby submits its Response to First Set of Discovery Requests propounded by the Consumer Advocate Division of the Attorney General's Office ("Consumer Advocate").

GENERAL OBJECTIONS

1. TAWC objects to all requests that seek information protected by the attorney-client privilege, the work-product doctrine and/or any other applicable privilege or restriction on disclosure.

2. TAWC objects to the definitions and instructions accompanying the requests to the extent the definitions and instructions contradict, are inconsistent with, or impose any obligations beyond those required by applicable provisions of the Tennessee Rules of Civil Procedure or the rules, regulations, or orders of the Tennessee Public Utility Commission ("TPUC" or "Authority").

3. The specific responses set forth below are based on information now available to TAWC, and TAWC reserves the right at any time to revise, correct, add to or clarify the objections or responses and supplement the information produced.

4. TAWC objects to each request to the extent that it is unreasonably cumulative or duplicative, speculative, unduly burdensome, irrelevant or seeks information obtainable from some other source that is more convenient, less burdensome or less expensive.

5. TAWC objects to each request to the extent it seeks information outside TAWC's custody or control.

6. TAWC's decision, now or in the future, to provide information or documents notwithstanding the objectionable nature of any of the definitions or instructions, or the requests themselves, should not be construed as: (a) a stipulation that the material is relevant or admissible, (b) a waiver of TAWC's General Objections or the objections asserted in response to specific discovery requests, or (c) an agreement that requests for similar information will be treated in a similar manner.

7. TAWC objects to those requests that seek the identification of "any" or "all" documents or witnesses (or similar language) related to a particular subject matter on the grounds that they are overbroad and unduly burdensome and exceed the scope of permissible discovery.

8. TAWC objects to those requests that constitute a "fishing expedition," seeking information that is not relevant or reasonably calculated to lead to the discovery of admissible evidence and is not limited to this matter.

9. TAWC does not waive any previously submitted objections to the Consumer Advocate's discovery requests.

FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE DIVISION

Responsible Witness: Charles Rea

Question:

1-1. Refer to the *Testimony of Charles B. Rea* at 4:17 – 19 and respond to the following questions:

a. Regarding Mr. Rea's reference to declining water usage, discuss the extent to which Mr. Rea believes price elasticity factors into the reduction in water usage referenced in this passage; and

b. Describe the extent to which the affordability analysis considered the specific Chattanooga area costs for lodging, utilities, food, taxes, etc;

Response:

a. Mr. Rea does not consider price elasticity to be a significant identifiable driving factor in declining water usage in the Tennessee-American service territory.

b. The Company's affordability analysis for water service did not consider specific Chattanooga costs for other household expenditures other than water service.

Responsible Witness: Charles Rea

Question:

1-2. Refer to the *Testimony Charles B. Rea* at 9, Charts 1, 2 and respond to the following questions:

a. Provide a copy of the Excel file with cell references intact that support the two charts;

b. Provide the underlying supporting information demonstrating that the 2023 median household income in the Company's service area exceeds $70,000; and

c. Does the average residential bills reflected in Chart 1 include the impact of the Company's Capital Rider Surcharge during the period the surcharge has been in effect?

Response:

a. See TAW_R_CADDR1_002_062524_Attachment, specifically the "Enterprise" tab, for the Company's affordability model that supports Charts 1 and 2.

b. The underlying supporting information requested is in the "Community Analysis" tab of TAW_R_CADDR1_002_062524_Attachment.

c. Yes.

Responsible Witness: Dominic DeGrazia

Question:

1-3. Refer to the *Testimony of Dominic Degrazia* at 11:12-17 and Petitioner's Exhibit EXP-21-Amortization-DD. This exhibit reflects an adjustment of $1,116, which relates to deferred AFUDC debt. However, the title of the EXP-21 schedule is Pro Forma Adjustment of Depreciation and Cost of Removal Expense. Regarding this adjustment, provide the following:

a. Confirm that the $1,116 adjustment relates to deferred AFUDC Debt;
b. If part (a) is confirmed, explain how this cost component was incurred and why it is appropriate to include it as an expense in the revenue requirement; and
c. If part (a) is not confirmed, describe the nature of the adjustment and how it was calculated.

Response:

a. The $1,116 adjustment is confirmed to be related to deferred AFUDC Debt Balance as calculated at inception of FAS 109 accounting standard. It represents the annual amount of the amortization of the regulatory asset.

b. It is appropriate to include the expense as it represents recovery of the annual amortization of this deferred AFUDC debt balance.

c. Not applicable

Question:

1-4. Refer to the *Testimony of Dominic DeGrazia* at 12:1-10 and respond to the following:

a. What is meant by "closed accounts" as is used in testimony; and

b. How were quantities of Purchase Power and Fuel expense correlated with the level of forecasted sales revenue in the attrition period? If revenue Purchase Power and Fuel expenses were not correlated with the company's proposed revenue requirement, explain why such an analysis was not performed.

Response:

a. "Closed accounts" as used in Mr. DeGrazia's testimony refers to power accounts that were discontinued during the historical base year period and are no longer active. Those accounts are omitted from the forecasted power expense for the attrition year period.

b. Purchased power expenses were based on the activity in the historical base year period and not correlated with the level of forecasted sales revenue in the attrition period. This correlation was not performed because purchased power expenses are part of the production cost rider and only the actual costs will be passed to the customers.

Question:

1-5. Refer to the *Testimony of Dominic DeGrazia*, File <TAWC 2024 Rate Case – Purchased Power Exhibit.xlsx>, Tab "Exhibit" (Petitioner's Exhibit EXP-2-Purchased Power-DD) and respond to the following:

a. Discuss the nature and timing of recent efforts to control Purchased Power expenses; and

b. Identify any capital expenditures incurred from January 1, 2023, through the most recent period available that increased efficiency and are expected to impact future Purchase Power costs. Explain the nature of the capital expenditure and its intended impact on Purchased Power costs.

Response:

a. In the past year, the Company has replaced old motors with new, more efficient units, as well as installing variable frequency drives (VFD's) at various locations throughout the system. Operators are budgeted amps for the month to try and cut down on power bills. LED lighting has been installed throughout the plant with motion detection. Lights are turned off when employees are not working in certain areas. HVAC systems have been replaced throughout buildings, and thermostats set to around 78 degrees at remote sites to cut down on cooling costs.

b. Recent capital expenditures include the replacement of the switchgear at the Citico Pump Station, where our current switchgear dates to the 1950s. This is more of a power neutral change, however. Another effort is the replacement of old booster stations with new EFI stations.

Question:

1-6. Refer to the *Testimony of Dominic DeGrazia*, File <TAWC 2024 Rate Case – Chemicals Exhibit.xlsx>, Tab "Exhibit" (Petitioner's Exhibit EXP-2-Purchased Power-DD) and respond to the following:

a. Provide support the 3% rate change applied to EPB charges in computing 2024 EPB Purchased Power costs; and

b. Provide support the 7.68% rate change assumed in computing 2025 Purchased Power costs.

Response:

a. EPB had a 4% rate increase effective October 2023. To annualize the effect of this rate increase for 2024 activity, 3% (4% increase/12-months)/ x 9-months) was applied to the base year 2023 amounts.

b. The 7.68% inflation rate applied to 2025 power expenses is the 3-year average of the US Bureau of Labor Statistics CPI for electricity for the years 2021 to 2023. Please refer to the File <2024 TAWC Rate Case – Appendix Inflation.xlsx>, Tab "Inflation-Electricity" (Schedule 1.6), included with the rate case filing.

Question:

1-7. Refer to the *Testimony of Dominic DeGrazia*, File <TAWC 2024 Rate Case – Purchased Power Exhibit.xlsx>, Tab "Exhibit" (Petitioner's Exhibit EXP-3-Chemicals-DD) and respond to the following:

a. Provide a copy of any contracts governing the purchase of Chemicals identified in these workpapers;

b. Provide a copy of purchase orders for 2023 and 2024 for the following Chemical families at Plant P701:

   i. Chemicals-Other;
   ii. Sodium Hypochlorite; and
   iii. Phosphates.

c. Provide a general discussion supporting the assumption that 2025 Chemical-related prices will increase by 5% when 2024 pricing has had significant price decreases; and

d. Provide the actual monthly quantities of chemicals used at the P701 Plant by Chemical Family for January 2023 – March 2024 related to general ledger recordings. Indicate in the response whether there is a lag between the period in which actual consumption occurs, and the month when such consumption is reflected in the general ledger.

Response:

a. There are (8) suppliers who provide chemicals to TAWC :

- Zeta Solutions
- Univar
- Donau
- CedarChem
- Brenntag
- Cabot Norit
- Hawkins
- Carus

Please see TAW_R_CADDR1_007_062524_Attachment 1 (Public Version) through TAW_R_CADDR1_007_062524_Attachment 8 (Public Version) for the 2024 pricing agreements for each supplier.

The TAW_R_CADDR1_007_062524_Attachment 1(CONFIDENTIAL) through TAW_R_CADDR1_007_062524_Attachment 8 (CONFIDENTIAL) versions will be under seal.

b. Please see TAW_R_CADDR1_007_062524_Attachment 9 (Public Version) for the purchase orders for Plant 701 during the period requested.

The TAW_R_CADDR1_007_062524_Attachment 9 (CONFIDENTIAL) version will be under seal.

c. Although 2024 has shown some price decreases, it is important to recognize and acknowledge both how historical prices have moved over the past 5 years and how the market is interpreting external factors that impact pricing uncertainty going forward. The Company prepared estimates of increases for 2025 for each chemical family based on analysis of the market dynamics and potential shifts, working with chemical suppliers to forecast future pricing. Unlike in the great recession of 2008-2009, American Water has not seen market corrections that would move prices back toward historical numbers.

Communications between the Company's Supply Chain team and its suppliers have revolved around the price uncertainty experienced by the Company's suppliers and the need to consider price uncertainty into future forecasts. Many factors are contributing to the rise in chemical prices seen over the last three years – rising costs of transportation, consolidation of chemical suppliers, increases in energy costs impacting production, and overall global demand for related products. The rate of inflation has shown some signs of easing from the dramatic increases seen in the last three years but the rate of inflation has only slowed down, not reversed, and have remained above historic rates.

With suppliers not confident about the direction of their future prices, that leads the Company to believe that suppliers will continue to add additional price uncertainty in their bid prices to cover those market fluctuations into their bid prices. Demand remains high and the chemical market has a limited supply of material available, with little incentive for manufacturers to increase production. With the upcoming hurricane season, the weather could also play a part in future prices. A hurricane strike in the Gulf of Mexico, where the majority of domestic chemical production takes place, could make a bad situation much worse.

Caustic Soda – 5% increase (2019-2024 average annual increase of 17%) – Most of the chlor alkali products are manufactured in the Gulf of Mexico region which is prone to disrupting storms and weather events which can wreak havoc on product availability. The Company has seen the resulting Caustic Soda price swings in several of the recent past years. If those events can be avoided, prices are expected to remain flat 2024 into 2025.

Chlor-Alkali producers have stabilized their pricing and as long as this trend continues, caustic prices should remain in check going into next year with perhaps only a slight increase of 3-5% in line with inflationary targets. The caustic market is always impacted by the economy. If strong markets for economic development (Aluminum Industry, etc) demand could be up causing prices to "tick" up.

HFS (Hydroflourosilicic acid) – 4% increase (2019-2024 average annual increase of 17%) - For HFS, product availability has improved in the early part of the year and more production will be available into 2024. Rail freight to move HFS will be the variable so an increase in 3-5 % is forecasted by most of the Company's Suppliers. One supplier cites a shrinking of the number of manufacturers which could lead to market adjustments, specifically a material amount of the volume controlled by one distributor.

Phosphates – 5% increase (2019-2024 average annual increase of 21%) – Phosphates are growing as a commodity because of its use in batteries and fertilizer. Increased demand for electric vehicles is fueling increased production of lithium-ion-phosphate batteries, and the increasing use of phosphates in fertilizer coupled with a shrinking global supply are leading to increased raw material costs.

Polymers – 5% increase (2019-2024 average annual increase of 5%) – Polymers primarily follow the price of a barrel of oil, and as energy prices increase, the Company and its suppliers expect an increase in polymer costs.

Sodium Hypochlorite – 5% increase (2019-2024 average annual increase of 110%) – Cost drivers for Sodium Hypochlorite are chlorine and caustic soda. Major manufacturers of chlorine has shut down several plants, reducing the supply of this necessary product, which has created more demand for sodium hypochlorite, increasing prices. Transportation costs especially impact sodium hypochlorite, as a treatment plant would require ten times more hypochlorite over chlorine for the same treatment impact.

d. Please see TAW_R_CADDR1_007_062524_Attachment 10. There is no lag in the month between consumption and recording in the general ledger.

AMENDMENT TO THE

This Amendment (the "Amendment") to the Agreement to Supply Potable Water Treatment Chemicals between American Water Works Service Company, Inc. and Norit Americas, Inc. with the effective date of December 31, 2023 (the "Agreement") is made and dated this 17th day of November, 2023 ("Effective Date") by **American Water Works Service Company, Inc.** ("Services") and **Norit Americas, Inc.** ("Chemical Supplier").

RECITALS

WHEREAS, the parties entered into the Agreement pursuant to which Chemical Supplier was to provide and deliver certain Chemicals to Services; and

WHEREAS, Chemical Supplier and Services desire to set forth in this Amendment certain pricing modifications to the Agreement; and,

WHEREAS, the parties agree that all such pricing modifications will take effect as of December 31, 2023 (the "Commencement Date") and

NOW, THEREFORE, in consideration of the Recitals and the mutual covenants hereinafter contained, it is agreed by the parties that the Agreement is amended as follows:

1. **Exhibit A —Pricing**. As of the Commencement Date, Exhibit A– Pricing ("Exhibit A"), which is attached hereto as Attachment 1 and incorporated herein in its entirety will be amended to Exhibit 2024-A– Pricing. The parties agree that prices listed in Exhibit A shall be effective pursuant to their respective effective dates provided in Exhibit -A.

The parties agree that all open purchase orders as of the Effective Date shall: (i) remain in effect; (ii) be honored on the terms thereof; and (iii) shall not be subject to any changes as set forth in this Amendment.

2. As of the Commencement Date, all references to "Exhibit A" in the Agreement shall mean "Exhibit 2024-A".

3. **Other Provisions.** All terms and conditions of the Agreement, as previously amended, shall remain unchanged and in full force and effect to the extent not modified by this Amendment. Any capitalized terms used but not defined herein shall have the meaning set forth in the Agreement, as amended.

4. This Amendment may be executed in any number of original counterparts. All such counterparts shall constitute one and the same Amendment.

IN WITNESS WHEREOF, Services and Chemical Supplier have executed this Amendment as of the Effective Date.

AMENDMENT TO THE
AGREEMENT TO SUPPLY POTABLE WATER TREATMENT CHEMICALS BETWEEN
AMERICAN WATER WORKS SERVICE COMPANY, INC. AND
DONAU CARBON US LLC

This Amendment (the "Amendment") to the Agreement to Supply Potable Water Treatment Chemicals between American Water Works Service Company, Inc. and Donau Carbon US LLC with the effective date of December 31, 2023 (the "Agreement") is made and dated this 29th day of November , 2023 ("Effective Date") by **American Water Works Service Company, Inc.** ("Services") and **Donau Carbon US LLC**. ("Chemical Supplier").

RECITALS

WHEREAS, the parties entered into the Agreement pursuant to which Chemical Supplier was to provide and deliver certain Chemicals to Services; and

WHEREAS, Chemical Supplier and Services desire to set forth in this Amendment certain pricing modifications to the Agreement; and,

WHEREAS, the parties agree that all such pricing modifications will take effect as of December 31, 2023 (the "Commencement Date") and

NOW, THEREFORE, in consideration of the Recitals and the mutual covenants hereinafter contained, it is agreed by the parties that the Agreement is amended as follows:

1. **Exhibit A —Pricing**. As of the Commencement Date, Exhibit A– Pricing ("Exhibit A"), which is attached hereto as Attachment 1 and incorporated herein in its entirety will be amended to Exhibit 2024-A– Pricing. The parties agree that prices listed in Exhibit A shall be effective pursuant to their respective effective dates provided in Exhibit -A.

The parties agree that all open purchase orders as of the Effective Date shall: (i) remain in effect; (ii) be honored on the terms thereof; and (iii) shall not be subject to any changes as set forth in this Amendment.

2. As of the Commencement Date, all references to "Exhibit A" in the Agreement shall mean "Exhibit 2024-A".

3. **Other Provisions.** All terms and conditions of the Agreement, as previously amended, shall remain unchanged and in full force and effect to the extent not modified by this Amendment. Any capitalized terms used but not defined herein shall have the meaning set forth in the Agreement, as amended.

4. This Amendment may be executed in any number of original counterparts. All such counterparts shall constitute one and the same Amendment.

IN WITNESS WHEREOF, Services and Chemical Supplier have executed this Amendment as of the Effective Date.

AMENDMENT TO THE
AGREEMENT TO SUPPLY POTABLE WATER TREATMENT CHEMICALS BETWEEN
AMERICAN WATER WORKS SERVICE COMPANY, INC. AND
UNIVAR SOLUTIONS USA INC.

This Amendment (the "Amendment") to the Agreement to Supply Potable Water Treatment Chemicals between American Water Works Service Company, Inc. and **Univar Solutions USA Inc.** with the effective date of December 31, 2023 (the "Agreement") is made and dated this 5th day of December, 2023 ("Effective Date") by **American Water Works Service Company, Inc.** ("Services") and **Univar Solutions USA Inc**. ("Chemical Supplier").

RECITALS

WHEREAS, the parties entered into the Agreement pursuant to which Chemical Supplier was to provide and deliver certain Chemicals to Services; and

WHEREAS, Chemical Supplier and Services desire to set forth in this Amendment certain pricing modifications to the Agreement; and,

WHEREAS, the parties agree that all such pricing modifications will take effect as of December 31, 2023 (the "Commencement Date") and

NOW, THEREFORE, in consideration of the Recitals and the mutual covenants hereinafter contained, it is agreed by the parties that the Agreement is amended as follows:

1. **Exhibit A —Pricing**. As of the Commencement Date, Exhibit A– Pricing ("Exhibit A"), which is attached hereto as Attachment 1 and incorporated herein in its entirety will be amended to Exhibit 2024-A– Pricing. The parties agree that prices listed in Exhibit A shall be effective pursuant to their respective effective dates provided in Exhibit -A.

The parties agree that all open purchase orders as of the Effective Date shall: (i) remain in effect; (ii) be honored on the terms thereof; and (iii) shall not be subject to any changes as set forth in this Amendment.

2. As of the Commencement Date, all references to "Exhibit A" in the Agreement shall mean "Exhibit 2024-A".

3. **Other Provisions.** All terms and conditions of the Agreement, as previously amended, shall remain unchanged and in full force and effect to the extent not modified by this Amendment. Any capitalized terms used but not defined herein shall have the meaning set forth in the Agreement, as amended.

4. This Amendment may be executed in any number of original counterparts. All such counterparts shall constitute one and the same Amendment.

IN WITNESS WHEREOF, Services and Chemical Supplier have executed this Amendment as of the Effective Date.

AMENDMENT TO THE
AGREEMENT TO SUPPLY POTABLE WATER TREATMENT CHEMICALS BETWEEN
AMERICAN WATER WORKS SERVICE COMPANY, INC. AND
CARUS, LLC.

This Amendment (the "Amendment") to the Agreement to Supply Potable Water Treatment Chemicals between American Water Works Service Company, Inc. and Carus, LLC, with the effective date of December 31, 2023 (the "Agreement") is made and dated this 27th day of November , 2023 ("Effective Date") by **American Water Works Service Company, Inc.** ("Services") and **Carus, LLC.** ("Chemical Supplier").

RECITALS

WHEREAS, the parties entered into the Agreement pursuant to which Chemical Supplier was to provide and deliver certain Chemicals to Services; and

WHEREAS, Chemical Supplier and Services desire to set forth in this Amendment certain pricing modifications to the Agreement; and,

WHEREAS, the parties agree that all such pricing modifications will take effect as of December 31, 2023 (the "Commencement Date") and

NOW, THEREFORE, in consideration of the Recitals and the mutual covenants hereinafter contained, it is agreed by the parties that the Agreement is amended as follows:

1. **Exhibit A —Pricing**. As of the Commencement Date, Exhibit A– Pricing ("Exhibit A"), which is attached hereto as Attachment 1 and incorporated herein in its entirety will be amended to Exhibit 2024-A– Pricing. The parties agree that prices listed in Exhibit A shall be effective pursuant to their respective effective dates provided in Exhibit -A.

The parties agree that all open purchase orders as of the Effective Date shall: (i) remain in effect; (ii) be honored on the terms thereof; and (iii) shall not be subject to any changes as set forth in this Amendment.

2. As of the Commencement Date, all references to "Exhibit A" in the Agreement shall mean "Exhibit 2024-A".

3. **Other Provisions.** All terms and conditions of the Agreement, as previously amended, shall remain unchanged and in full force and effect to the extent not modified by this Amendment. Any capitalized terms used but not defined herein shall have the meaning set forth in the Agreement, as amended.

4. This Amendment may be executed in any number of original counterparts. All such counterparts shall constitute one and the same Amendment.

IN WITNESS WHEREOF, Services and Chemical Supplier have executed this Amendment as of the Effective Date.

TENNESSEE AMERICAN WATER COMPANY
TENNESSEE PUBLIC UTILITY COMMISSION
DOCKET NO. 24-00032
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE DIVISION

Responsible Witness: Dominic DeGrazia

Question:

1-9. Refer to the *Testimony of Dominic DeGrazia*, File <TAWC 2024 Rate Case – Waste Disposal Exhibit.xlsx>, Tab "Exhibit" (Petitioner's Exhibit Exp-4-Waste Disposal-DD) and respond to the following questions:

a. Confirm that there are thirteen monthly entries associated with Denali Water Solutions and that removing the first line item associated with November 2022 usage is appropriate to arrive at a normalized test period level of costs. If this is not confirmed, justify the level of Denali Water Solutions costs, including an explanation of why thirteen monthly entries are appropriate within the Waste Disposal calculation;

b. Confirm that the cost information in the Tab "Marion Environmental" includes twelve months' of activity. If this is not confirmed, provide an annual level of base year costs from this vendor;

c. Explain the nature of the Accruals referenced in the Expense Summary and identify which systems these relate to;

d. Provide the most recent months' invoices from Denali Water Solutions and Interceptor Sewer Systems; and

e. Provide a copy of all invoices received from Marion Environmental for general ledger postings after December 26, 2023.

Response:

a. There are 13 monthly entries for Denali Water Solutions due to a payment lag in the base year period. While most waste disposal expenses are not regular monthly payments, in this instance it is appropriate to remove the November 2022 invoice to arrive at a normalized test period level of costs.

b. The expenses in the tab Marion Environmental represent 12 months of activity for the base year period. Most waste disposal costs are not regular monthly expenses and are subject to usage and weather conditions which determine the intervals of cleaning and disposal.

c. Due to the variability in the timing of waste disposal expenses, which can span months and years, accruals are recorded monthly to record a portion of the costs that are incurred in the current period but paid out in the future. Please see the file TAW_R_CADDR1_009_062524_Attachment 1 for the accruals in the base year period by vendor.

d. Please see TAW_R_CADDR1_009_062524_Attachment 2_CONFIDENTIAL for the most recent invoice from Denali Water Solutions and Interceptor Sewer Systems.

e. Please see the TAW_R_CADDR1_009_062524_Attachment 3_CONFIDENTIAL for the invoices from Marion Environmental after December 2023.

Is your water bill higher than normal?

If there is an increase in water usage on your billing statement that cannot be explained by situations such as watering your lawn or garden, extra people visiting your home, washing your cars, etc., then there is the possibility that you could have a leak or another problem. Leaks can come from many places including but not limited to your toilets, water heater, faucets, outside water sprinklers, service line, etc.

WE ARE NOT RESPONSIBLE FOR LOSSES ON CUSTOMER'S SIDE OF METER. As a residential customer, you are automatically protected by our Water Loss Program, if you do have a leak you may file a claim through ServLine at (423) 228-1210.

TENNESSEE AMERICAN WATER COMPANY
TENNESSEE PUBLIC UTILITY COMMISSION
DOCKET NO. 24-00032
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE DIVISION

Responsible Witness: Dominic DeGrazia

Question:

1-11. Refer to the *Testimony of Dominic Degrazia* at 14:14 – 15:2, and respond to the following:

a. Identify the effective date of the plant in service corresponding to the Property Tax Expense recorded in 2023;

b. Identify the balance of accrued property tax expense reflected on the Company's books as of December 31, 2023; and

c. Provide the underlying calculation supporting the 97.03% Equalized Assessment Percentage in the Attrition Year.

Response:

a. The effective date of the plant in service corresponding to the Property Tax Expense recorded in 2023 is 12/31/2022.

b. The balance of accrued property tax at December 31, 2023 is $4,036,324.71.

c. The Equalized Assessment Percentage of 97.03% was derived from the following calculation: $77,625,222 (2020 TN Equalized Assessment) / $80,000,000 (2020 TN State Total Assessment).

The year 2020 was used for the forecast, as the Hamilton County Equalized rate was at 100% in 2020.

Please refer to TAW_R_CADDR1_082_062524 for the additional support of the Hamilton Count Equalized Percentage increasing back to 100%.

Responsible Witness: Dominic DeGrazia

Question:

1-12. Refer to the *Testimony of Dominic DeGrazia*, File <TAWC 2024 Rate Case – Other General Taxes Exhibit.xlsx>, Tab "Franchise Tax" (Schedule EXP-22.2). Provide a comprehensive explanation of the implication the Tennessee Franchise Tax legislation will have on the Company's Franchise Tax Expense on a going forward basis and discuss the appropriate regulatory treatment.

Response:

On May 10, 2024, Tennessee Governor Bill Lee signed into law SB 2103/HB 1893, which amends the Tennessee Franchise Tax calculation by prospectively repealing the Franchise Tax alternative minimum property measure. Any future reduction in Registrant's Franchise Tax liability due to this legislation will be offset dollar for dollar by an increase in registrant's Gross Receipts Tax Liability. This is because a credit for Franchise Tax paid is allowed as a credit on that return. Therefore, Registrant will see no net reduction in overall Tennessee tax liabilities as result of this change in law.

Schedule M - Nonbusiness Earnings Allocation

Allocation and apportionment schedules may be used only by taxpayers doing business outside the state of Tennessee within the meaning of Tenn. Code Ann. §§ 67-4-2010 and 67-4-2110. The burden is on the taxpayer to show that the taxpayer has the right to apportion.

If all earnings are business earnings as defined below, do not complete this schedule. Any nonbusiness earnings, less related expenses, are subject to direct allocation and should be reported in this schedule.

"Business Earnings" - 1) earnings arising from transactions and activity in the regular course of the taxpayer's trade or business, or 2) earnings from tangible and intangible property if the acquisition, use, management, or disposition of the property constitutes an integral part of the taxpayer's regular trade or business operations.
Earnings which arise from the conduct of the trade or trades or business operations of a taxpayer are business earnings, and the taxpayer must show by clear and cogent evidence that particular earnings are classifiable as nonbusiness earnings. A taxpayer may have more than one regular trade or business in determining whether income is business earnings.

"Nonbusiness Earnings" - all earnings other than business earnings

	Description of Nonbusiness Earnings (If further description is necessary, see below)	Gross Amounts	*Less Related Expenses	Net Amounts	Net Amounts Allocated Directly to Tennessee

2.					
3.					
4.					
5.					
6.					
7.					
8.	Total nonbusiness earnings (Enter here and on Schedule J, Line 22)				
9.	Nonbusiness earnings allocated directly (Enter here and on Schedule J, Line 34)				

If necessary, describe source of nonbusiness earnings and explain why such earnings do not constitute business earnings as defined above. Enumerate these items to correspond with items listed above.

*As a general rule, the allowable deductions for expenses of a taxpayer are related to both business and nonbusiness earnings. Items such as administrative costs, taxes, insurance, repairs, maintenance, and depreciation are to be considered. In the absence of evidence to the contrary, it is assumed that the expenses related to nonbusiness rental earnings will be an amount equal to 50% of such earnings and that expenses related to other nonbusiness earnings will be an amount equal to 5% of such earnings (see TENN. COMP. R. & REGS. 1320-06-01.23(3)).

Schedule T - Industrial Machinery and Research and Development Equipment Tax Credit

Part 1: Tax Credit Computation

Franchise and excise taxes may be reduced by a credit on industrial machinery and research and development equipment purchased during the tax period covered by the return and located in Tennessee. The credit is generally computed at 1% of the purchase price of qualified industrial machinery and research and development equipment. The credit taken on any return cannot exceed 50% of the current year's franchise and excise tax liability, but any unused credit may be carried forward 15 years under Tenn. Code Ann. §67-4-2009(3).

1. Purchase price of industrial machinery and research and development equipment	(1)	11811171
2. Percentage allowed (generally 1%*)	(2)	1. %
3. Current year credit (multiply Line 1 by Line 2)	(3)	118112
4. Credit available from prior year(s) (from Schedule V)	(4)	
5. Total credit available (add Lines 3 and 4)	(5)	118112

8. Franchise and excise tax liability before any credits (add Schedule A, Line 3 and Schedule B, Line 5)	(8)	768980
9. Credits from Schedule D, Lines 1 through 4 and Schedule D, Line 7	(9)	
10. Tax before Industrial Machinery Credit (subtract Line 9 from Line 8)	(10)	768980
11. Amount available in current year (enter the smaller value of Lines 5, 7, or 10 here, and on Schedule D, Line 5)	(11)	118112

Part 2: Recapture of Tax Credit

The Industrial Machinery Tax Credit previously established on this form must be partially recaptured if the equipment on which it was based was sold or removed from the state before the end of the equipment's life as established for federal income tax purposes. The recapture amount is a percentage of useful life remaining at the time of sale or removal multiplied by the credit originally established on this form. Previously established credits have either offset tax or populated the carryover table Schedule V. Complete the Industrial Machinery Credit Recapture Worksheet and then enter the applicable recapture amounts on Lines 12 and 13 below.

12. Reduction to credit carryover table, Schedule V, from recapture worksheet, Part 2, Line 16	(12)	
13. Recapture of credit from recapture worksheet, Part 2, Line 17 (enter here and on Schedule B, Line 6)	(13)	

*The percentage allowed on Part 1, Line 2 above is 1%, unless the taxpayer has met the requirements of Tenn. Code Ann. §67-4-2009(3)(I) and has been approved by the Commissioner of Revenue for an enhanced rate based on the investment amount. The statutory minimum investment requirements and applicable rates for the enhanced credit are shown on the following chart:

GENERAL REQUIREMENTS

The law governing gas, water, electric power and light companies states that:

(a) (1) Each person engaged in the business of furnishing or distributing gas, water, or electric current, whether to a dealer, consumer, municipality or other customer, shall, for the privilege of doing such business, pay to the state for state purposes an amount equal to the tax rate specified on the front of the return multiplied by the gross receipts derived from intrastate business in the state.

(2) Persons engaged in the business of manufacturing gas or of distributing manufactured gas or natural gas shall, in lieu of the foregoing, pay an amount equal to the tax rate specified on the front of the return multiplied by the gross receipts derived from intrastate business in this state, which payment shall be subject to the same provisions, restrictions and credits hereinafter provided in T.C.A. §67-4-405.

(b) This tax does not apply to cities or other political subdivisions of the state owning and operating gas companies, water companies or power plants, nor does it apply to any governmental agency of the United States.

(c) The gross receipts tax is levied for the privilege of engaging in intrastate commerce carried on wholly within this state and not a part of interstate commerce.

(d) A credit is allowed against the gross receipts tax for the franchise and excise taxes paid by gas, water, and electric companies during the calendar year in which the gross receipts tax becomes due.

(e) The tax hereby imposed shall be administered and collected in accordance with T.C.A. §67-4-301 et seq.

(f) Each person engaged in the business of furnishing or distributing electric current or water shall be exempt from the above tax upon gross receipts up to the amount of five thousand dollars ($5,000).

DELINQUENT FILING - (PENALTY AND INTEREST)

Unless this return and tax are mailed to the Department of Revenue on or before August 1 or the 10th day of the following month (if filing monthly), penalty & interest will be assessed as required by §67-1-804 T.C.A.

INSTRUCTIONS

Lines 8 & 9 - Total credit cannot exceed line 7. A credit is allowed for franchise and excise taxes paid when final reports of both gross receipts taxes and franchise and excise taxes have been filed covering the corresponding tax base period. Additional instructions for these lines are available upon request.

Line 15 - Taxpayers who file the return and make the first quarterly payment on or before August 1st have the option of paying the balance in three equal additional installments: Nov. 1, Feb. 1, and May 1. However, such quarterly payments made after August 1st shall bear interest on each such payment at the effective rate per annum from August 1 to date of payment. Anyone who elects the above option will receive quarterly installment coupons by a separate mailing.

NOTICE TO TAXPAYER

If quarterly installments are not paid by the due date, penalty will be assessed for late payment at the rate of 5% of the installment for each 30 days (or portion thereof) that the installment remains unpaid subsequent to the due date, up to a maximum of 25%.

This return shall be accompanied by schedule listing of total gross receipts derived from interstate business, intrastate business, sale of appliances, water taps, pole rentals, and other sources fully identified.

Instructions: Gross Receipts Tax Return – Gas, Water, Electric Power, and Light Companies

Gross receipts from the intrastate distribution of water and electricity and from the intrastate manufacture of gas and/or intrastate distribution of manufactured or natural gas to consumers, excluding sales tax collected from consumers, are subject to a gross receipts tax (commonly known as "utilities tax"). The tax does not apply to gas, water, or power companies owned and operated by cities or other political subdivisions of the state, water companies owned by nonprofits, exempt wholesale generators or FERC certificated wholesale power marketers, and United States governmental agencies.

The filing period is July 1 of the year the tax is due through the following June 30. However, the tax is based on the sales or purchases from the taxpayer's last fiscal year, which is the reporting period.

New businesses that begin business after July 1 must file *monthly* until the beginning of the next filing period (the next July 1). The monthly returns are based on the sales or purchases from that month. Monthly returns are due on the 10th day of the following month. For example, if a business begins November 1, it will file monthly returns on the 10th of each month beginning December 10 through July 10 of the following year and will file annually thereafter.

The return along with the appropriate tax payment is due on or before August 1 of each year (unless the taxpayer is a new business that is filing monthly). Taxpayers should file and make their tax payments online by visiting the Department's website at www.tn.gov/revenue. Alternatively, they may mail returns and payments to the address listed on the return.

You must sign and date your return. Paid preparers (accountants, attorneys, etc.) must also sign the return. If this is an amended return, please indicate the "Reporting Period" and the "Filing Period" and check the amended return box on the top of the return. If you are paying in installments, check the appropriate box on the top of the return and complete Line 14.

Return

Line 1: Enter the total gross receipts from the manufacture of gas or distribution of manufactured or natural gas in Tennessee.

Line 2: Multiply Line 1 by **1.5%**.

Line 3: Enter the total gross receipts from the distribution of water and electricity in Tennessee.

Line 4: The first $5,000 of gross receipts derived from the intrastate distribution of water and electricity are exempt from the utilities tax. On Line 4, enter the lesser of $5,000 or the amount on Line 3.

Line 5: Subtract Line 4 from Line 3.

Line 6: Multiply Line 5 by **3%**.

Line 7: Add Lines 2 and 6.

Line 8: A credit is allowed for franchise and excise taxes paid on the same intrastate activity that is subject to the utilities tax. The franchise and excise tax paid must be for the same tax period as the utilities tax liability. The combined franchise and excise tax credit taken on Line 8 cannot exceed the amount reported on Line 7. To calculate the credit:

a) Divide the taxpayer's total Tennessee gas, water, and electricity sales by the taxpayer's total Tennessee gross receipts (including gross sales, taxable dividends, taxable interest, etc.).

b) Multiply the amount of franchise tax liability from the franchise & excise tax return, Schedule A, Line 3, that has been paid by the decimal number calculated in step (a). Enter this amount on Line 8a.

c) Multiply the amount of excise tax liability from the franchise & excise tax return, Schedule B, Line 7, that has been paid by the decimal number calculated in step (a). Enter this amount on Line 8b.

d) Add Lines 8a and 8b.

Line 9: Subtract Line 8 from Line 7. If Line 8 is greater than Line 7, enter zero.

Line 10: If your account has a credit balance from an overpayment on a prior return, enter the amount on this line.

Line 11: Penalty is calculated at a rate of 5% for each 30-day period, or portion thereof, that a return is delinquent, up to a maximum of 25% of the delinquent amount. The minimum penalty is $15 for the delinquent filing of a return. If your return is delinquent, apply the appropriate penalty rate to the total tax due from Line 9.

Line 12: Interest is due on any amount of tax that is paid after the statutory due date of the return. The interest rate is determined in accordance with Tenn. Code Ann. § 67-1-801. The current interest rate can be found at www.tn.gov/revenue by clicking the Tax Resources tab. If the payment is late, apply the interest rate to the total tax due from Line 9.

Line 13: Add Lines 9, 11, and 12, and subtract Line 10.

Line 14: Taxpayers who file the return and make a payment of one-fourth of the total tax (Line 9) on or before August 1 have the option of paying the total tax (Line 9) in four equal installments. As stated, the initial installment amount is paid with the return. Subsequent installment payments will be due not later than November 1, February 1, and May 1. However, interest from August 1 until the date of payment will be due on the second, third, and fourth quarterly payments at the effective rate (see the instructions for Line 12). If quarterly installment payments are not paid by the due date, penalty will be assessed for late payments at the rate of 5% for each 30 days (or portion thereof) that the installment payment remains unpaid subsequent to the due date, up to a maximum of 25%. Taxpayers paying in installments should check the appropriate box on the top of the return.

FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE DIVISION

Responsible Witness: Dominic DeGrazia

Question:

1-14. Refer to the *Testimony of Dominic Degrazia* at 16:12-17. Provide a comprehensive explanation justifying the use of a three-year average for Maintenance Expenses in arriving at the Test Year Adjustment prior to applying the inflation factors.

Response:

The company utilized the three-year average for Maintenance Expenses to provide a reasonable normalized Test Year period amount. This is due to the timing of various projects and the volatility of prices driven by inflationary increases in costs.

Question:

1-15. Refer to the *Testimony of Grady Stout* at 18-26 describing the Company's proposal to implement a lead line service replacement program. Provide a graphic representation of the portion of the service line described by Mr. Stout that aligns with the Company's proposal to include a representation of the portion of the service line that the Company would replace.

Question:

1-16. Refer to the *Testimony of Grady Stout* at 18: 16-18. Mr. Stout describes the Company's historical practice of replacing their portion of lead service lines. Discuss whether the Company intends to replace the lead service lines of customers who declined the option of replacing their service line at their expense under this proposal. If so, discuss the priority level of this type of replacement relative to the replacement of service lines as a component of a more comprehensive main line replacement project. Does the Company know with certainty whether, upon notification by the Company of the presence of a lead in their service line, customers replaced their service line?

Response:

The Company does intend to replace all lead and galvanized service lines whether on the Company side or customer side. If a Company-owned service line was replaced in the past, and the customer side is still lead or galvanized, the Company intends to replace the customer owned line.

The priority would be to focus service line replacement efforts towards replacements associated with water main replacement projects, then eliminate other lead and galvanized service lines after those over the next 10 years.

The Company does not know with certainty if the customer service line is lead or galvanized, or if it has been replaced. Under the federal regulations, the Company is required to conduct an inventory of service line materials for both the Company- and customer-owned portions and has taken steps to begin to do so.

FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE DIVISION

Responsible Witness: Bob Lane

Question:

1-17. Refer to the *Testimony of Grady Stout* at 18: 11-16. The Company is requesting a modification of its Qualified Infrastructure Investment Program Rider ("QIIP"). Regarding the rider, address the effective date of the qualifying plant subject to recovery in the future rider filings identified below, given the Company's rate increase request in this Docket. This request seeks a general overview of the timing of cost deferrals and/or recovery true-ups the Company will seek recovery of in the following filings:

a. March 2025 Filing;
b. March 2026 Filing; and
c. March 2027 Filing.

Response:

The Company is not requesting a modification of its Qualified Infrastructure Investment Program Rider (QIIP). In this case the Company is seeking approval to replace customer-owned lead service lines and to recover the cost through TAWC's Qualified Infrastructure Investment Program Rider ("QIIP"). Please refer to the testimony of Robert Lane at 26:12-17 where the Company is proposing to include the costs to replace the customer-owned LSLs in USOA account 333 and seeks Commission approval for this approach. The Company already includes investment in Company owned LSLs in this manner. The existing ICR tariff already lists investments booked to Account 333 as QIIP eligible investments.

a. <u>March 2025 Filing</u>: The Company will not know all the implications of this rate case upon the2025 ICR Tariff filing until after the Commission's post-hearing decisions on the merits of this rate case. At this time the company believes that in March 2025 the Company would file a capital riders petition looking back at rider eligible increment capital added (net of depreciation) between January 1,

2024 and December 31, 2024, that is not already included in rate base and calculate an Incremental Capital Revenue Requirement (ICRR) associated with that investment. This would be used to calculate the Incremental Capital Rider percentage to be applied to customers' bills. Depreciation, property tax and debt expenses associated with these investments will have been deferred from 2024 for recovery in 2025.

b. March of 2026 Filing: In March of 2026 the Company would file a capital rider petition looking back at rider eligible rider capital added in 2025 that is not already included in the rate base in the General Rate Case and therefore already in rates once the rate case is decided. An ICRR would be calculated for any incremental capital above that which is included in the rate base approved in the rate case and as such included in base rates. This would be used to calculate the Incremental Capital Rider percentage to be applied to customers' bills. Depreciation, property tax and debt expenses associated with investments that are incremental to investments already included in the rate base used to establish rates in the rate case will be deferred from 2025 for recovery in 2026.

c. March of 2027 Filing: In March of 2027 the Company would file a capital rider petition seeking recovery of all incremental capital investment placed in service in 2026 that is not already included in the rate base underlying base rates approved in the rate case. An ICRR would be calculated, and Incremental Capital Rider percentage calculated to be applied to customers' bills. Depreciation, property tax and debt expenses associated with investments that are incremental to investments already included in the rate base used to establish rates in the rate case would have been deferred from 2026 for recovery in 2027.

Question:

1-18. Refer to the *Testimony of Grady Stout* at 35: 5-7. Discuss how water usage associated with firefighting and training is measured.

Response:

For firefighting, the Company works with local fire departments on firefighting events to capture either total gallons used or duration of fire and how many hydrants were used. With this data, the Company creates a total amount used. For firefighting training, the company meters the water provided to the City of Chattanooga Fire Service training center.

Question:

1-27. Refer to the *Testimony of Robert Mustich* at 2:1 – 3:9. Mr. Mustich explains that companies frequently engage his firm to evaluate the competitiveness of their compensation philosophy. Mr. Mustich has also submitted testimony before other state regulatory commissions. For this section of his testimony, respond to the following questions:

a. How many times has Mr. Mustich submitted testimony before state utility regulatory commissions? If the precise number of occasions is not readily known or available, provide the best estimated number of such engagements;

b. Identify any engagement involving the submission of testimony in which Mr. Mustich determined that the subject utilities Target Total Direct Compensation was above the range of total compensation, as those terms are used in Mr. Mustich's testimony; and

c. For any such testimony identified in part (b) above, provide a copy of such testimony if it is readily available, or provide the Docket (or Case) number and the jurisdiction in which it was submitted.

Response:

a. Mr. Mustich has submitted testimony to state utility regulatory commissions over 25 times.

b. Mr. Mustich has not submitted testimony that overall total direct compensation was above the competitive range. Mr. Mustich has developed a methodology for assessing the compensation philosophy of utilities that has been accepted by other regulatory commissions as appropriate.

Question:

1-28. Refer to the *Testimony of Grady Stout* at 18:14-16 and the Company's proposed Revised Tariff. Reconcile the revised ICR tariff language found on "TPUC No. 20; Original Sheet No. 12-ICR-5" which states "Investments eligible for recovery under the ICR are subject to the conditions established by Commission Order in TPUC Docket No. 19-00103, with the request in Mr. Stout's testimony wherein he says, in part, "[a]s part of this case, the Company's is (sic) seeking approval to replace customer-owned lead service lines and to recover the cost through TAWC's Qualified Infrastructure Investment Program Rider (QIIP)".

Response:

The Company is seeking approval to replace customer-owned lead service lines and to recover the cost through TAWC's Qualified Infrastructure Investment Program Rider ("QIIP"). Please refer to the testimony of Robert Lane at 26:12-17 where the Company is proposing to include the costs to replace the customer-owned LSLs in USOA account 333 and seeks Commission approval for this approach. The Company already includes investment in Company owned LSLs in this manner. The existing ICR tariff already lists investments booked to Account 333 as QIIP eligible investments.

Question:

1-30. Refer to the *Testimony of Robert Lane* at 23, Pension & OPEB Tables. Provide a precise definition of the term "Actuals" within the Pension and OPEB table. Provide the documentation supporting the "Actuals" data contained in these two tables. Indicate whether these "Actuals" reflect only TAWC employee costs or include both direct TAWC employee costs and allocated costs.

Response:

"Actuals" means the amount of expense booked by the Company for the respective expense line, including amounts provided by WTW (the Company's actuary) and capitalization.

Please note that in 2018, Generally Accepted Accounting Principles split out the pension and OPEB expenses between Service Cost and Non-Service Cost. The costs reflected in the chart are for TAWC employees. Please note that the attachment has different numbers for 2018 and 2019 for pension and OPEB actuals. The pension adjustments are ($62,651) and ($15,352) for 2018 and 2019, respectively. These adjustments would reduce the actual amount shown in the tables for Mr. Lane. The OPEB adjustments are $55,338 and $7,328 for 2018 and 2019, respectively. These adjustments would increase the actual amount shown in the tables for Mr. Lane. The four adjustments total only ($3,067). The Company will include an updated table in its rebuttal testimony.

Question:

1-31. Identify and describe any "plan" changes in the Company's Pension plan that have occurred from January 1, 2015, through 2024 to date.

Response:

New Jersey American Water acquired Shorelands Water Company, Inc., as of April 3, 2017, and amended the Shorelands Pension Plan as of the same date to freeze Benefit Accruals. No additional benefits shall accrue after 4/3/2017. The Shorelands Plan was amended to merge into the American Water pension plan on December 31, 2023.

The divestiture of operations in New York State on January 1, 2022, relieved American Water of responsibility for Pension benefits associated with employees and former employees in the State of New York.

As of January 1, 2023, the Company split the Pension Plan into two separate plans (Active Plan and Inactive Plan). The Inactive Plan contains all retirees prior to 7/1/2017. Savings are achieved from the longer amortization period available under the Inactive Plan, which reduces the Amortization of Unrecognized Losses for the year and therefore lowers the expense level. Additionally, it aligned the Plan Year for both the Active and Inactive Plans to begin on January 1 and end on December 31 (prior to January 1, 2022, the Plan Year began on July 1 and ended on June 30 of each year).

Effective as of January 1, 2023, per Secure 2.0, Required Minimum Distribution age increased. It amended the Plan as follows:

RMD age updated to 73 for participants who turn 72 after 12/31/2022;
No RMD's required for participants who turned 72 in 2023; and
Required commencement date for terminated vested participants updated to age 73.

2023 Lump Sum Window: certain terminated participants (and beneficiaries) with a vested Accrued Benefit were offered a limited opportunity to elect an immediate payment in the form of a lump sum or annuity commencing on or around December 1, 2023. The election window ran from October 11, 2023, through November 22, 2023.

Question:

1-32. Identify and describe any "plan" changes in the Company's OPEB plan from January 1, 2015, through 2024 to date.

Response:

The Company has capped its pre-65 retiree medical coverage cost at the fixed 2018 level for each employee and shifted its post-65 retiree medical coverage from a self-funded program to a fixed dollar amount whereby employees can use the benefit to purchase their own health coverage on the Medicare Supplemental Exchange.

The divestiture of operations in New York State on January 1, 2022, relieved American Water of responsibility for the retiree medical benefits associated with employees and former employees in the State of New York. The company that acquired the operation in New York assumed the liability for active employee population eligible for pre-65 retiree medical coverage

Effective with the 2022 Benefit plan year, the Company implemented the following pre-65 retiree medical plan changes to help reduce future cost increases for retirees:

1. Effective 1/1/2022, the Company implemented a Maintenance Choice program for ongoing maintenance medications. It allows two 30-day fills for new prescriptions for maintenance medications. After that, CVS mail order must be used OR local CVS retail pharmacy to fill a 90-day supply.
2. Effective 4/1/2022, the Company added a Prescription Drug Formulary.
3. Effective 4/1/2022, the Company implemented PrudentRx Medication Management, a copay assistance program for specialty medications.

Effective 1/1/2023, the Company added Hearing Aid coverage under the pre-65 retiree medical plan.

INN: No deductible & 100% coinsurance
OON: No deductible & 100% coinsurance up to charges

a. Identify the cash contributions to pension plans made on behalf of TAWC for the periods 2021 – 2022. To the extent that any portion of these contributions are attributable to a pro-rata portion of such contributions for non-TAWC employees, identify the annual amount and how such amounts were determined;

b. Identify the basis for the annual cash contribution made for the period 2021- 2023; and

c. For each year for the period 2021 - 2023, provide the (a) minimum ERISA cash contribution required and (b) the maximum tax-deductible contribution.

Response:

a. There were cash contributions to pension plans made on behalf of TAWC of $421,200 in 2021 and $559,360 in 2022.
b. The basis for cash contributions for 2021–2023 is that cash contributions for Qualified Plans must satisfy the minimum funding standards under ERISA and be less than the Maximum Deductible Limit. Plan sponsors may decide to fund in excess of the minimum requirement in order to achieve objectives such as improving funded status and minimizing PBGC premiums.
c. The 2021 – 2023 minimum required ERISA cash contributions and maximum tax-deductible contributions are summarized in the below table.

If such costs have been accrued per GAAP, have such costs been eliminated in the proposed revenue requirement? If so, identify where such costs have been removed.

Response:

TAWC accrues the pension expense provided by Willis Towers Watson monthly pursuant to ASC 715. A subsequent monthly entry is recorded to adjust pension expense to the actual cash contributions in accordance with ERISA. The TAWC attrition year revenue requirement only contains the projected cash contributions provided by Willis Towers Watson.

Question:

1-41. Refer to the *Testimony of Harold Walker III* at 4:21 – 5:4. Provide a comprehensive discussion of the process by which the Company receives payments and records the resulting payments to accounts receivable. At what point in this process is the payment deemed "received"? This explanation should also include a discussion of the timing of when the cash is available for use by the Company relative to when the funds are recorded as a credit to the balance of Accounts Receivable.

Response:

Revenues are recognized over time, as services are provided. For the purposes of this discussion, a payment being "deemed received" is equated to when the payment file is posted, and the amount is recorded as a credit to accounts receivable. When this process takes place is subject to the payment method used by the customer. A payment is either "deemed received" on the day the customer makes the payment, or on the day the Company receives the payment from the customer, depending on the payment method used.

Payment methods in which payment is "deemed received" on day customer makes the payment:

- Credit Card
- ECheck
- Direct Debit
- Over the Counter (OTC)

Payment methods in which payment is "deemed received" on day payment is received by the Company:

- ACH/Elockbox
- Paper checks (Lockbox)

Once a payment is “deemed received” and recorded as a credit to accounts receivable, the amount of time after this point until the cash is available for use by the Company is also subject to the payment method used by the customer. This time between the recording of the payment and availability of the cash to the company is either zero, one, or two days.

Payment methods with same day (zero days) recognition and cash availability to the Company:

- ACH/Elockbox
- Paper checks (Lockbox)
- Direct Debit

Payment methods with cash available to Company one day after recognition:

- Over the Counter (OTC)

Payment methods with cash available to Company two days after recognition:

- Credit Card
- Echeck

What's New

Small business taxpayers. For tax years beginning after December 31, 2017, the following apply.

- A small business taxpayer (defined below), may use a method of accounting for inventories that either: (1) treats inventories as nonincidental materials and supplies, or (2) conforms to the taxpayer's financial accounting treatment of inventories.
- A small business taxpayer is not required to capitalize costs under section 263A.

General Instructions

Purpose of Form

Use Form 1125-A to calculate and deduct cost of goods sold for certain entities.

Who Must File

Filers of Form 1120, 1120-C, 1120-F, 1120S, or 1065, must complete and attach Form 1125-A if the applicable entity reports a deduction for cost of goods sold.

Inventories

Generally, inventories are required at the beginning and end of each tax year if the production, purchase, or sale of merchandise is an income-producing factor. See Regulations section 1.471-1. If inventories are required, you generally must use an accrual method of accounting for sales and purchases of inventory items.

Exception for certain taxpayers. A small business taxpayer (defined below), can adopt or change its accounting method to account for inventories in the same manner as material and supplies that are non-incidental, or conform to its treatment of inventories in an applicable financial statement (as defined in section 451(b)(3)), or if it does not have an applicable financial statement, the method of accounting used in its books and records prepared in accordance with its accounting procedures. See section 471(c)(3).

A small business taxpayer claiming exemption from the requirement to keep inventories is changing its method of accounting for purposes of section 481. For additional guidance on this method of accounting, see Pub. 538, Accounting Periods and Methods. For guidance on changing to this method of accounting, see Form 3115 and the Instructions for Form 3115.

Small business taxpayer. A small business taxpayer is a taxpayer that (a) has average annual gross receipts of $25 million or less (indexed for inflation) for the 3 prior tax years, and (b) is not a tax shelter (as defined in section 448(d)(3)). See Pub. 538.

Uniform capitalization rules. The uniform capitalization rules of section 263A generally require you to capitalize, or include in inventory, certain costs incurred in connection with the following.

- The production of real property and tangible personal property held in inventory or held for sale in the ordinary course of business.
- Real property or personal property (tangible and intangible) acquired for resale.
- The production of real property and tangible personal property for use in its trade or business or in an activity engaged in for profit.

A small business taxpayer (defined above) is not required to capitalize costs under section 263A. See section 263A(i).

See the discussion on section 263A uniform capitalization rules in the instructions for your tax return before completing Form 1125-A. Also see Regulations sections 1.263A-1 through 1.263A-3. See Regulations section 1.263A-4 for rules for property produced in a farming business.

Question:

1-46. Refer to the *Testimony of Harold Walker III*, File<TN-AW 2024 Lead-Lag Workpapers>, Tab "Purchased Water" (Schedule HW-4). Provide the invoice and all supporting documentation to confirm the date the Company released funds for the following two purchased water charges:

				Service Period		
Account	Document #	Paid Date	Amount	From	To	Vendor

Response:

Please see the accompanying file TAW_R_CADDR1_046_062524_Attachment for the supplier invoices. On page 1, the "Prev. Reading" date plus 1 and the "Reading Date" indicate the beginning and ending service period dates respectively for the $13,155.52 amount. On page 2, the "From Date" plus 1 and the "To Date" indicate the beginning and ending service period dates respectively for the $17,045.57 amount.

The date the company released funds for these purchased water charges is confirmed by the table below, which comes from the "Vendor Payment Details" SAP report. The difference in the payment amounts to the invoice amounts is due to additional purchased power and water charges that were expensed separately but paid in a single payment.

Important Notice

If the bill is not paid by the due date a 10% late charge will be added to the past due balance. If unpaid 15 days after due date, service will be disconnected without further notice and a reconnect fee will be charged. Failure to receive bill does not relieve obligation to pay bill by due date.

Is your water bill higher than normal?

If there is an increase in water usage on your billing statement that cannot be explained by situations such as watering your lawn or garden, extra people visiting your home, washing your cars, etc., then there is the possibility that you could have a leak or another problem. Leaks can come from many places including but not limited to your toilets, water heater, faucets, outside water sprinklers, service line, etc.

WE ARE NOT RESPONSIBLE FOR LOSSES ON CUSTOMER'S SIDE OF METER. As a residential customer, you are automatically protected by our Water Loss Program, if you do have a leak you may file a claim through ServLine at (423) 228-1210.

Response:

Please see the accompanying file TAW_R_CADDR1_047_062524_Attachment and TAW_R_CADDR1_047_062524_CONFIDENTIAL for the supplier invoices. Unit pricing information has been withheld as confidential in the redacted public version. The "Ship Date" on page 1 refers to the service period for document number 5000107013, and the "Supply Date" on page 2 refers to the service period for document number 5000106033.

The date the company released funds for these chemical purchases is confirmed by the table below, which comes from the "Vendor Payment Details" SAP report.

Question:

1-48. Refer to the *Testimony of Harold Walker III*, File <TN-AW 2024 Lead-Lag Workpapers>, "wk service co" tab. Refer to the proposed negative expense lead days associated with Service Company costs, whereby TAWC provides compensation to the Service Company before the mid-point of the service period as reflected in the "wk service co" tab. Provide a comprehensive discussion explaining why increasing the rate base for the cash working capital implications of this affiliate transaction is appropriate, which is outside the boundary of a normal expense lead for third-party contractor costs.

Response:

The Service Company exists to provide services to American Water affiliates at cost. The Service Company's billing terms match expenses with the receipt of payments from affiliates, which are the beneficiaries of the services provided. The Service Company makes no profit from the provision of services. A prepayment of five days of the at-cost Service Company bill is a reasonable provision to support cash expenses and payroll incurred on behalf of Tennessee-American by the Service Company. Similar services provided by a private company always include a markup for profit on their services provided. Therefore, services provided by the Service Company reduce the cost of the services provided relative to similar services provided by a private company.

Additionally, expense lead days comprise three parts: service period lead, billing lead, and payment lead. Tennessee-American only has control of the payment lead part of the expense lead days. Each vendor is responsible for and controls the service period lead and billing lead parts of the expense lead days which vary from vendor to vendor. For example, one vendor may require prepayment for a service while another vendor may wait 45 days after providing a service before invoicing.

Question:

1-49. Refer to the *Testimony of Harold Walker III*, File<TN-AW 2024 Lead-Lag Workpapers>, Tab "Gross Receipts Tax" (Schedule HW-28). Respond to the following:

a. Provide documentation that the Company's service period runs from July 1 through June 30;

b. Provide documentation identifying the due date the Tennessee Department of Revenue has established for Gross Receipt Tax payments applicable to TAWC; and

c. Provide documentation demonstrating that the $1,023,554 payment made on July 26, 2023, as reflected on the "wk gross Rec tax tab" within the Lead-Lag Workpapers file was effectively a prepayment for the service period ending June 30, 2023.

Response:

a. The Tennessee Department of Revenues' August 2022 *Utilities Gross Receipts Tax Manual* states, on pages 6 and 7, states the following regarding the gross receipts tax applicable service period and provides an applicable example:

> The return for the utilities gross receipts tax is due annually on or before August 1. The tax is imposed on the privilege of doing business during the period beginning with July 1 (immediately preceding the August 1 due date) through the next June 30, but it is measured by the taxpayer's total receipts from sales of utilities during its most recent fiscal or calendar year ending before that July 1.[1] For example:
>
> > A calendar year taxpayer with a reporting period of January 1, 2019 through December 31, 2019 would have a filing due date of August 1, 2020 for the taxable period of July 1, 2020 through June 30, 2021.

Question:

1-51. Refer to the *Testimony of Harold Walker III*, File <TN-AW 2024 Lead-Lag workpapers.xlsx>, Tab "2 SCH Revenue Lag" (Schedule HW-2), regarding the overall revenue lag calculated within the cash working capital study. Respond to the following:

a. Provide the source documentation identifying the Daily Accounts Receivable balances which were used to determine the Net Daily Accounts Receivable Balance as reflected in Schedule HW-2;

b. Reconcile the Daily Revenues of $66,087,192 as reflected in Schedule HW-2, with the Total Operating Revenue of $69,304,200 as reflected in File <Exhibit Rev-1-Revenue Summary.xlsx> (Petitioner's Exhiibt Rev-1 Revenue Summary-HB);

c. Explain how the Daily Revenues in Schedule HW-2 was determined; and

d. Provide a copy of all source documentation supporting the Service Period and Billing Lag Days of 21.4 reflected in Schedule HW-2.

Response:

a. See the worksheet "TNAW AR Collect Lag" within the supporting file TAW_R_CADDR1_051_062524_Attachment which provides the source documentation identifying the Daily Accounts Receivable balances that were used to determine the Net Daily Accounts Receivable Balance as reflected in Schedule HW-2.
b. Please see the table below for a complete reconciliation of the "Daily Revenues" of $66,087,192 to the Total Operating Revenue of $69,304,200 as reflected in the Exhibit Rev-1-Revenue Summary. Through this reconciliation, it was determined that Other Revenues totaling $1,180,215 were erroneously removed twice from the "Daily Revenues" amount. The corrected "Daily Revenues" amount should be $67,267,407. No later than in its rebuttal testimony, the Company will file a revised CWC calculation.

Item	Amount	Explanation
Incorrect "Daily Revenues" Used	**66,087,192**	
Add back - Other Revenue	1,180,215	Other Revenues erroneously removed twice from Total Operating Revenues used in CWC
New "Daily Revenues"	**67,267,407**	Sum of 66,087,192 and 1,180,215
Other Revenue	1,180,215	Other Revenues is included in Test Year Total Operating Revenues in Exhibit Rev-1-Revenue Summary
PCOP	765,968	PCOP is included in Test Year Total Operating Revenues in Exhibit Rev-1-Revenue Summary but not in revenues used for CWC
Test Year Adjustments	90,611	Exhibit Rev-1-Revenue Summary includes test year adjustments that do not present in revenues used for CWC
Total - Reconciliation	**69,304,200**	Sum of New "Daily Revenues", Other Revenue, PCOP, and Test Year Adjustments
Total Operating Revenue	**69,304,200**	

c. See the worksheet "Revenues (with Unbilled calc)" contained in the attached file TAW_R_CADDR1_051_062524_Attachment which documents how the Daily Revenues in Schedule HW-2 were determined.

d. See the worksheet "TNAW Serv & Bill Lag" contained in the attached file TAW_R_CADDR1_051_062524_Attachment which documents the Service Period and Billing Lag Days of 21.4 reflected in Schedule HW-2.

TENNESSEE AMERICAN WATER COMPANY
TENNESSEE PUBLIC UTILITY COMMISSION
DOCKET NO. 24-00032
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE DIVISION

Responsible Witness: Robert Lane

Question:

1-53. Refer to the *Testimony of John M. Watkins* at 5:20-21. Provide a copy of the estimated reports received from Willis Tower Watson ("WTW") as referenced by Mr. Watkins. Further indicate the rationale for relying upon a report characterized as "estimated" to establish rates.

Response:

Please refer to the Excel workpaper entitled TAWC 2024 Rate Case – Pension Exhibit, provided in the filing. The tab entitled 2024 Pension Allocation shows the amounts based on accrual accounting and the tab entitled 2024 Pension Contributions shows the amounts based on cash contributions. The accrual accounting information was provided by the Company's actuary, WTW, based on census data collected as of January 1, 2023, for the 2024 estimated pension expense. This information is provided to the Company by WTW in late January or early February of each calendar year. WTW will then update the Company with the actual 2024 pension expense based on census data collected as of January 1, 2024. This update was received on June 13, 2024.

Please refer to the Excel workpaper entitled TAWC 2024 Rate Case – Labor Exhibit, provided in the filing. The tab entitled OPEB shows the amounts based on the information provided by the Company's actuary, WTW. The tab entitled 2024 Est PRW Allocation shows the information provided by WTW based on census data collected as of January 1, 2023, for the 2024 estimated pension expense. This information is provided to the company by WTW in late January or early February of each calendar year. WTW will then update the company with the actual 2024 pension expense based on census data collected as of January 1, 2024. This update was received on June 13, 2024.

The Company filed with the WTW schedules issued in early February which are the most recent forecast of the 2024 costs. This data was used for setting rates because 2025 is a future test year and the Company must forecast cost for that year based on its best estimate at the time of filing. As noted above, the actual 2024 pension and OPEB

expense amounts were received and the WTW 2024 accrual schedules are attached to this response which should be used for setting rates. See TAW_R_CADDR1_053_062524_Attachment_OPEBS and TAW_R_CADDR1_053_062524_Attachment__Pension. The cash contribution schedule as filed is accurate for 2024.

Question:

1-55. Refer to the *Testimony of Patrick Baryenbruch,* Schedule PLB-1. In the 107 rate cases in which Mr. Baryenbruch has been engaged, provide the following:

a. Identify the number of cases in which he found total affiliate transaction-related costs unreasonable;

b. Identify the number of cases in which he found that affiliate transactions were not similar to those provided by service companies of other utility holding companies;

c. Identify the number of cases in which the jurisdictional utility was not charged the lower cost or market for managerial services provided by the Service Company;

d. Identify the number of cases in which he testified that any portion of services received by the jurisdictional utility were unnecessary; and

e. Identify the number of cases in which he testified that the governance practices applied to total Service Company expenses charged to the jurisdictional utility were inappropriate.

Response:

a. Mr. Baryenbruch has not found any of his client's total affiliate transaction-related costs to be unreasonable. Mr. Baryenbruch has developed a methodology for assessing and comparing utility industry costs that has been accepted by dozens of regulatory commissions as reasonable and appropriate. Given Mr. Baryenbruch's national reputation, the nature of his analysis, and his long history of serving both the regulated industry, as well as regulatory commissions, it is highly unlikely that utilities with unjustifiable or unreasonable affiliate costs would invite scrutiny of their costs by Mr. Baryenbruch in a rate case proceeding. To date, Mr. Baryenbruch has never received any inquiries from utilities with unjustifiable or unreasonable costs for affiliate services.

b. This question is not clear. Mr. Baryenbruch does not evaluate whether affiliate transactions are "similar" or not. If the question is asking about the similarity of

services being provided, Mr. Baryenbruch has not found instances where the nature of affiliate services are unusual or significantly different. Utility service companies follow a general model that similarly centralizes administrative and general (A&G) functions in a way that provides economies of scale.

c. None of Mr. Baryenbruch's clients were found to have received affiliate charges that were not priced at the lower of cost or market. Here too, utilities with high-cost affiliate services have not hired Mr. Baryenbruch as their rate case witness.

d. Mr. Baryenbruch has not found any of his utility clients to be receiving services from affiliates that are unnecessary. He evaluates the necessity of services by means of a responsibility matrix that shows which entities (e.g., the utility, service company, other affiliates) are responsible for which aspects of the functions that are required to ultimately deliver service to customers. This tool would identify duplication or overlapping services if they existed.

e. Mr. Baryenbruch has not found any instances where the governance practices applied to affiliate transactions are inadequate. This is not surprising since these control activities are subject to review and evaluation called for by COSO's[1] internal control framework.

Question:

1-61. Refer to the Minimum Filing Guidelines (1-86), Response to Q003, 2024 TAWC MFG Q003_Attachment 1, and 2024 TAWC MFG Q003_Attachment 2. A number of employee positions were completely redacted. Identify the positions and discuss why they were redacted.

Response:

TAWC MFG Q003_Attachment 1 (TAWC org chart) has one position redacted. This was a DUPLICATE Manager of External Affairs position.

On page 1 of TAWC MFG Q003_Attachment 2, the executive assistant position was redacted. Per the request of MFG Question 003, only officers and key personnel were included in the organizational chart. Thus, non-officer and non-key personnel and their employee numbers were redacted from the response.

Since the original filing of this case, there has been a change in personnel. See TAW_R_CADDR1_061_062524_Attachment 1 for the new organization chart page 1.

Question:

1-65. Refer to the Minimum Filing Guidelines (1-86), Response to Q007 and Q009. Reconcile the Severance Expenses identified in Question 9 with the three-year total of Severance Expenses identified in Response 7.

Response:

The three-year total severance expense of $35,308 provided in response to MFG Q007 reflects the contracted amount of severance/separation agreements between TAWC and management personnel. The severance expenses provided in the response to MFG Q009 reflect the actual severance expense for all TAWC employees regardless of employment level.

Question:

1-67. Refer to the Minimum Filing Guidelines (1-86), Response to Q013 regarding the Business Development Department, and respond to the following:

a. Provide a copy of all AWWSC Business Development departmental reports or descriptions of department activities for 2023; and

b. Provide the rationale supporting the recovery of Business Development costs in the revenue requirement of TAWC.

Response:

a. The Company objects to this Request on the grounds that the production of all AWWSC Business Development Department reports is overly broad and unduly burdensome. Subject to and without waiving the foregoing objections, the Company states that the AWWSC Business Development Department provides coordination, tools, training, and support to affiliates by assisting in identifying opportunities that facilitate orderly and continued growth as well as other appropriate business opportunities that can benefit the affiliates and their customers through creation of synergies and economies of scale. Business Development engages in competitor and water market trend research, direct pursuit of strategic growth opportunities, development, and communication of company growth strategy.
b. As the Business Development team creates synergies in adding customers in all of its states, the costs for AWWSC are spread over a larger customer base. Therefore, the recovery of such costs associated with these support services are being sought in this proceeding.

Question:

1-68. Refer to the Minimum Filing Guidelines (1-86), Response to Q013 regarding the External Affairs and Public Policy Department, and respond to the following:

a. Identify any costs allocated to TAWC and recorded in an above-the-line account that were removed to develop the revenue requirement in this proceeding. If such costs were removed, discuss how the adjustment was quantified;

b. Identify the number of employees charging time in 2023 to cost centers (i) 332085 and (ii) 332086;

c. Identify the labor charges, including benefits and employee taxes allocated to TAWC in 2023, included in cost centers (i) 332085 and (ii) 332086; and

d. Identify any vendors whose costs charged to cost center (i) 332085 or (ii) 332086 exceeded $5,000 on the books of TAWC. For each vendor meeting these criteria, identify the amount charged in 2023, the TAWC account charged, and the nature of the service provided.

Response:

a. There was a total of $130 in costs related to the External Affairs and Public Policy department that were removed from the Company's base year 2023 expenses. The total represents community relations costs that were allocated to TAWC in 2023.
b. There were 17 AWWSC employees who charged time to cost center 332085 and 7 AWWSC employees who charged time to cost center 332086 in 2023.
c. Please refer to the table below for the labor charges, including benefits and employee taxes allocated to TAWC in 2023, included in cost centers 332085 and 332086:

Charge	Cost Center 332085	Cost Center 332086

FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE DIVISION

Responsible Witness: John Watkins

Question:

1-72. Refer to the Minimum Filing Guidelines (1-86), Response to Q044, and respond to the following:

a. Identify the amount of lobbying charges incurred by AWWSC by month in 2023 and identify such costs by type, such as direct labor, employee taxes, third-party contract services, assignment of office rent and office supplies, etc.;

b. Provide a comprehensive explanation supporting how AWWSC determines the appropriate level of costs to identify as lobbying costs;

c. For any direct labor incurred by AWWSC in 2023 and charged to lobbying, identify the job title associated with such charges and the amount charged to lobbying in 2023; and

d. Identify the employee's job title whose responsibilities include oversight and supervision of the third-party contractor(s) providing lobbying services.

Response:

a. Please see TAW_R_CADDR1_072_062524_Attachment CONFIDENTIAL for the federal lobbying charges allocated to TAWC by AWWSC in 2023.

b. Lobbying costs are calculated using a percentage of labor and benefits expense of the VP National Government & Regulatory Affairs position. Costs for external contract lobbyists are also included.

c. There was no direct labor incurred by AWWSC in 2023 and charged to lobbying.

d. The VP National Government & Regulatory Affairs is responsible for the oversight and supervision of the third-party contractors providing lobbying services.

Question:

1-76. Provide a comprehensive discussion of the extent, if any, that the Corporate Alternative Minimum Tax impacts the revenue requirement. This would include an overview of any account balances recorded on the Company's Balance Sheet as of December 31, 2023, or any recording to the Income Statement made in 2023.

Response:

For income tax accounting purposes, a current income tax liability and current income tax expense will be recorded for the Corporate Alternative Minimum Tax ("CAMT") liability but will be equally offset by recording a deferred tax asset and a reduction to deferred income tax expense to reflect the CAMT credit carryforward. As a result, there is no net incremental income tax expense associated with the CAMT; however, a deferred tax asset is established for the minimum tax credit carryforward. Corporations are entitled to a tax credit equal to the amount by which the minimum tax liability exceeds the regular tax liability. This amount can be carried forward indefinitely and used in future years when the regular tax liability exceeds the CAMT liability.

Under the normalization method, for ratemaking purposes, accumulated deferred income taxes are a reduction to the rate base calculation to reflect the lower cost of capital attributable to accelerated tax benefits. However, the CAMT reduces the tax benefits associated with accelerated tax deductions. Therefore, a corresponding deferred tax asset is included as a rate base increase to reflect the appropriate cost of capital.

As of December 31, 2023, the Company is not subject to CAMT and therefore the Balance Sheet and Income Statement do not reflect CAMT activity. Based on current guidance, beginning with tax year 2024, AWWC is considered an applicable corporation subject to CAMT. The Company is continuing to monitor the guidance issued by the US Treasury and the Internal Revenue Service as it is released.

Question:

1-77. Refer to the *Testimony of John Watkins*, File <TAWC 2024 Rate Case – IOTG Exhibit.xlsx>, Tab "Exhibit" (Petitioner's Exhibit EXP-12-Insurance Other than Group-JW). Respond to the following:

a. Provide the basis for the projected annual policy increases associated with auto liability, worker's compensation, property and excess liability;
b. Provide a copy of the excess liability policies in effect in 2024, including documentation of the cost of such policies;
c. Provide an overview of the need for 'Aviation of Unmanned Vehicles' coverage as identified within the Workpaper tab and explain why this type of insurance is necessary; and
d. Discuss the nature of General Liability Adjustment Insurance Workers' Compensation Cap Credits and how such amounts are determined.

Response:

a. Actual invoice expenses for auto liability, workers' compensation, and property policies were available through December 31, 2024, therefore the projected annual policy cost increase for each of those coverages was 0% for 2024.

   The projected annual policy cost increase for excess liability was projected to be 14.5% for 2024 which is attributable to changes in market conditions and increases in underlying exposure and losses.

   The projected annual policy cost increase for 2025 for auto liability, workers' compensation, property, and excess liability are 5%, 4%, 15%, and 12.5%, respectively. These increases are attributable to changes in market conditions and increases in the underlying exposure and losses.

b. See attachment
TAW_R_CADDR1_077_062524_Attachment_CONFIDENTIAL

c. The Aviation of Unmanned Vehicles insurance policy covers accidental damage to Tennessee-American owned drones while being operated and damages caused to third parties as a result of drone operation by Tennessee-American pilots. TAWC uses drones for elevated tank observations, mappings, and general aerial images.

d. There are two adjustments in this section of the workpaper. The first is the 2024-25 Forecasted General Liability Adjustment and the second is the Insurance Workers' Compensation Cap Credits.

The 2024-2025 Forecasted General Liability Adjustment line uses the average of the prior three years of actual retrospective premium invoice adjustments. The same amount is used for both December 2024 and December 2025. Travelers Insurance, the Company's casualty insurance program provider, submits an annual invoice for a retrospective premium. This Travelers retrospective premium considers the policy premiums and other program costs incurred and then adjusts based on actual payroll and claims experience.

The Insurance Workers' Compensation Cap Credits is an adjustment to capitalize a portion of the Worker's Compensation line. The capitalization percentage used is the same as the salaries and wages labor capitalization percentage.

Question:

1-78. Refer to the *Testimony of John Watkins*, File <TAWC 2024 Rate Case – Miscellaneous Expense Exhibit.xlsx>, and respond to the following:

a. Tab "Exhibit" (Petitioner's Exhibit EXP-18-Miscellaneous Expense-JW). Discuss the rationale for using a three-year average of costs in computing the test year amount of "Miscellaneous Expense;"
b. Tab "Workpaper1" (Schedule Exp-18.2). Provide an overview of the costs charged to account "Trustee Fees," Account No. 52579000; and
c. Tab "Workpaper1" (Schedule Exp-18.2). Provide an overview of the costs charged to account "Discounts Available," Account No. 5258000.

Response:

a. A three-year average of costs was used to compute the test year for Miscellaneous Expenses for two reasons. First, these costs are highly variable and difficult to predict, as shown by the three-year history included in the Miscellaneous Exhibit. Using only 2023 actuals as a test year basis will not be as indicative of the future expense level because it encompasses only a single data point and does not adjust for expenses that vary year to year. Second, there are many different Miscellaneous accounts that relate to different functions, so it was necessary to have a standardized methodology. Using a three-year average both accounts for the variability in these costs and allows for a standardized methodology across the different functions. There are 109 accounts included in the Miscellaneous exhibit.
b. Account No. 52579000 contains charges relating to annual maintenance fees paid to the trustee of various long-term debt instruments. The fees applied to TAWC are prorated based on the amount of debt TACW was allocated from total long-term debt proceeds.
c. Discounts Available is account 52585000. This account contains discounts available to the Company from suppliers in return for a payment to a supplier based on their terms of payment. Typically, this means that the company receives a discount for a timelier payment to the vendor.

Response:

The charges for accounts 6852000, 68543000, and 68544000 are not associated with invoices. The recorded charges are applied as follows for the respective accounts:

6852000 (Property Taxes)
Charges are monthly accruals based on estimated payments and then trued up for actuals when the tax returns are filed.

68543000 (Other Taxes and Licenses-Franchise Tax)
Charges are monthly accruals based on the prior year Franchise Tax liability and trued up for and current tax return liability.

68544000 (Gross Receipts Tax)
Gross Receipts tax is paid annually in July and the charges recorded are the monthly Amortization based on prior year amount of tax.

Question:

1-80. Refer to the *Testimony of Dominic DeGrazia*, File <TAWC 2024 Rate Case – Other General Taxes Exhibit.xlsx>, Tabs "Gross Receipts" (Schedule EXP-22.4) and "Link Out." The test year recorded for account 6854400 within tab "Link Out" is $985,923, while the 2023 gross receipts tax identified within tab "Gross Receipts Tax" is $1,187,026. Provide a comprehensive discussion explaining why the Company's 2023 Gross Receipts Tax expense amount differed greatly from the calculations reflected in the "2023 Amount" column, and provide the underlying calculations supporting the test period charges.

Response:

The difference is due to the per books amounts recorded reflecting the taxes paid in 2023 for taxes based on calendar year 2022 gross receipts. The calculations to derive the normalized amount for the 2023 Test Year period are based on gross receipts for 2023. The underlying calculations are reflective of the calculations used for the tax returns. For the attrition period (2025) we are estimating gross receipts in 2025 based on present rates. A conversion factor adjusts from present rates to proposed rates.

Yes, this year 2024 the appraisal ratio is at 0.7053 and it will be reappraised in 2025 and that will make it go back to 1.000 for 2025 and 2026.
Hope this helps, let me know if you need anything else.

Hi Austin,

Hope you are well. I am hoping you can help me with the appraisal ratio in Hamilton County. We spoke a while ago about the expected ratio for 2025, which I believe was to be 1.000 again, can you confirm this information?

Let me know when you get a chance.

Refer specifically to the 2021 activity in Account No. 54140014. The costs reflected in 2021 are approximately $52,000, while 2022 and 2023 costs are under $5k. Provide a comprehensive explanation describing the nature of the costs incurred in 2021 and address whether such costs are recurring.

Response:

The higher costs in 2021 were the result of Company owned dump trucks being out of commission for that year, necessitating that rental trucks be used in replacement. The Company is working towards managing rental expenses to emergency needs only, however these costs are highly variable as it is difficult to predict when vehicles or equipment will breakdown.

a. For each cost category contained in this schedule, identify the cost allocation methodology(ies) used to assign costs to TAWC in 2023. If multiple methodologies are embedded in the costs charged to any single account, identify the 2023 expense charged under each methodology;

b. For each cost allocation methodology identified above, provide the underlying documentation supporting the numerator (TAWC data) and denominator (American Water data). Discuss the effective date of the information relied upon to develop the allocation ratios for 2023 costs; and

c. For each cost allocation methodology identified in part (a) above, provide the TAWC allocation ratios used to allocate 2024 costs.

Response:

a. The Service Company design includes a billing system which direct charges or allocates costs for services provided to affiliates. This billing includes all Service Company costs charged to affiliates using the Work Breakdown Structures (WBS) element selected for each transaction. A WBS element can be configured to direct charge a single affiliate, allocate costs across regulated and/or market-based (Tier One factor) and/or to one or more regulated affiliates (Tier Two factor). TENNESSEE AMERICAN WATER COMPANY
TENNESSEE PUBLIC UTILITY COMMISSION
DOCKET NO. 24-00032
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE DIVISION

Responsible Witness: John Watkins

Question:

1-94. Does TAWC receive an expense allocation representing a return on shared service assets? If so, respond to the following:

a. Identify the 2023 charges and the TAWC account charged;

b. Provide the underlying calculations that support the allocation, including the rate of return; and

c. Provide the December 31, 2023, Balance Sheet of AWWSC Services by account, identifying the elements of the Balance Sheet that are incorporated into the calculation of the return on corporate service assets charged to affiliates, such as TAWC.

Response:

TAWC does not receive an expense allocation representing a return on assets used by AWWSC. Assets which are designated for use by AWWSC are procured directly by Service Company or through a capital leasing arrangement with Laurel Oak Properties, Inc. ("LOP"). The depreciation expense and interest expense charged to or incurred by AWWSC are allocated to the affiliates.

FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE DIVISION

Responsible Witness: Dominic DeGrazia

Question:

1-95. Regarding depreciation charges allocated from any affiliate to TAWC, provide the following:

a. Provide the underlying calculations for Depreciation and Amortization expenses charged to TAWC in December 2023, including the depreciation/amortization rate by asset;

b. Provide the associated Accumulated Depreciation/Amortization for each plant or intangible asset;

c. Identify the Accumulated Deferred Income Tax balance associated with these common assets and explain how such balances are maintained; and

d. For each group of shared service assets providing service to TAWC, provide a brief explanation of the nature of the service provided.

Response:

a-c. Please refer to TAW_R_CADDR1_095_062524_Attachment. The calculation of the ADIT balance associated with these assets is also included.

d. Please refer to TAW_R_CADDR1_054_062524_Attachment CONFIDENTIAL for the AWWSC Cost Accounting Manual, which includes an explanation of Service Company Assets.

Question:

1-96. Refer to the *Testimony of Robert Mustich* at p. 9, where he concludes that American Water's performance compensation program is comparable to those of its utility peers. Identify the companies within the (i) Large Utility Peer Group and (ii) Small Utility Peer Group that provide long-term performance compensation to non-exempt employees.

Response:

While public disclosures of the large and small peer groups don't disclose whether non-exempt employees receive long-term performance compensation, Mr. Mustich's and WTW's utility industry compensation surveys show that non-exempt employees are not typically eligible for long-term incentive performance compensation. They may receive stock in a recognition award, but this would be very limited and not part of the ongoing competitive compensation program.

Question:

1-97. Does the Company believe there is a correlation between the relative level of TAWC capitalized labor and the relative level of capital expenditures in a given year? In other words, does the Company believe that an increase in annual capital expenditures results in an increased labor capitalization ratio? If so, address how the Company has addressed that issue within its revenue requirement proposal.

Response:

TAWC does not believe there is a direct correlation between TAWC capitalized labor expense and the labor capitalization ratio. There are a multitude of factors that could cause variations in capitalized labor besides capital expenditures. Therefore, TAWC chose to project attrition year capitalized labor using a position by position build up based on the three-year average capitalized labor rate for each position.

Question:

1-98. Does the Company believe there is a correlation between the relative level of service company capitalized labor and the relative level of capital expenditures in a given year? In other words, does the Company believe that an increase in annual capital expenditures results in an increased level of service company capitalized labor and a reduction in allocated labor? If so, address how the Company has addressed that issue within its revenue requirement proposal.

Response:

The Company's forecast of its rate base includes the capitalized labor anticipated from the Service Company engineering group. The Service Company engineering group provides engineering work on capital projects for all American Water regulated subsidiaries. Year-to-year costs to each state from the Service Company engineering group will fluctuate depending on the amount of capital-related work they are supporting in each state. Most Service Company engineering group costs are capitalized. The amount each state incurs will vary each year depending on that state's capital-related activity and the work performed on them by the Service Company Engineering Group.

The Company has not analyzed the Service Company capitalized labor compared to TAWC's capital expenditures.

Question:

1-100. Provide the job titles of the four highest compensated non-TAWC employees based on costs allocated to TAWC. For each of these employees, provide the following:

a. Provide a breakdown of the total compensation into the categories of base pay, incentive programs, and other compensation, including benefits;

b. Provide the total amount of such costs identified in a) above allocated to TAWC in 2023;

c. Provide the allocated payroll taxes charged to TAWC in 2023 associated with these four employees; and

d. If the Company has made pro-forma adjustments to any of the compensation for the top four (4) executives, provide an additional work paper reflecting the pro-forma values included in the attrition period for these four employees by base compensation, incentive compensation, and other benefits, and employee taxes.

Response:

Question:

1-102. Refer to the File <TAWC 2024 Rate Case – Deferred Tax.xlsx>, Tab "2024 Plant Def" (Petitioner's Exhibit RB-7-Deferred Taxes-DD). Provide support for item 1026, referenced as Fed-Tax Repairs, for both the Book Depreciation Amount ($2,197,180) and the Tax Deduction amount ($10,042,577).

Response:

See 'TAW_R_CADDR1_102_Attachment' in excel only for the calculation of the 2024 tax repairs deduction.

Plant data is processed for tax purposes in the Company's software - PowerTax. Plant activity coming from the PowerPlant module, and calculated tax repairs, is loaded to the Powertax system and tax depreciation is generated. The book depreciation is also loaded from the PowerPlant module and allocated to the tax assets. The book depreciation is first allocated to the method/life tax depreciation and then any remaining book depreciation is allocated to the book to tax basis differences, such as repairs. The $2,197,180 is an allocated amount calculated by the system.

Question:

1-104. Refer to the *Testimony of Larry Kennedy,* Attachment, Concentric Energy Advisor's 2023 Depreciation Study, Section 8 Detailed Depreciation Calculations, Calculated Annual Accrual and Accrued Depreciation Schedule for Account #: 333 - Services (pdf pages 270 - 273 of 328). There are spikes in original cost data occurring in 1973 and 2001. For example, the original cost of installations of services in 1973 was 642% of those of 1974. Likewise, the 2001 data was 90 times greater than the 2002 data and 70 times as great as the 2003 data. Address whether the vintage data presented in this section of the study is accurate and the implications of such spikes in the study's results for services.

Response:

It is the experience of Concentric that large spikes in original cost dollars are the norm throughout the regulated utility industry. It is not uncommon for large build-outs to occur in a single year, particularly in growing systems. Additionally, large replacement programs often necessitate an increase in original cost to allow for the installation of replacement pipe to occur. The smaller original cost amounts in the years directly following both 1973 and 2001 may simply be a matter of accounting entries related to an installation program occurring in a single year as opposed to spread over a span of years.

This increase in original cost relative to the subsequent years has little bearing on the depreciation study as a whole. The average service life and Iowa curve dispersion patterns for this account are based on a robust data set. Removal of the original cost related to either 1973 or 2001 would provide a better fit to the recommended Iowa 75-R3 as it would decrease the surviving original cost amounts. However, Concentric

determined that these original cost amounts should be maintained within the data set used for this study.

As the TAW study was completed using the Average Life Group Procedure with the Remaining Life true up, a spike in the original cost amounts used in the depreciation calculations would have minimal impact on the total depreciation rate required.

The study contains an original cost value of over $7.6 million for 1964, an unusually large amount for that vintage year. In fact, this amount is by far the largest vintage cost until 2006. Discuss the extent to which Mr. Kennedy is confident in the accuracy of this vintage data amount for 1964.

Response:

Concentric received vintage data for all depreciable assets from the TAW PowerPlan system. The vintage data amounts are vetted by TAW management and operations staff.

Please see the response to TAW-R-CADDR1_104 for a discussion of spikes in original cost data.

Question:

1-108. Refer to TPUC Docket No. 24-00011, the Company's Response to Consumer Advocate DR No. 1-3. The Company stated that 568.5 miles of 1,226.4 miles of main in Chattanooga was greater than fifty years old. Conceptually, reconcile this response with the vintage data provided in the analysis attached to Mr. Kennedy's testimony for Account No. 331.001 indicating that the oldest vintage main in its system is 1958.

Response:

The information provided in response to Consumer Advocate DR No. 1-3 came out of the Geographical Information Systems ("GIS System"), while the data provided in the depreciation study came out of the PowerPlan accounting system. It is the norm in North American utilities for data regarding the physical assets to be recorded in a GIS type system while the accounting data used in the depreciation study preparation is stored in an accounting system due to the differing needs and uses of the two forms of information.

Given the length of time since the installation of the TAWC water system, it is expected that there are some discrepancies in the detailed vintage data used for the preparation of the depreciation study. This is not unusual, as records were kept on paper through the early years of the water system and have gone through multiple iterations of accounting software.

Small inconsistencies between the vintages listed in the GIS system and those listed in the accounting system, such as those seen in the TAWC study, will have a very minimal impact on the depreciation study. It is possible the $7.6M original cost recorded in 1964 may include some vintages older than the 1958 vintage listed in the depreciation study; however, $7.6M constitutes less than four percent of the surviving original cost used in the study. As such, the impact of these older vintages on the selection of an average service life is substantially outweighed by the impact of the newer vintages.

In the circumstances that the $7.6M is an amalgamation of prior vintages, using the more recent year of 1964 has a rate reducing impact as opposed to using older vintages. Depreciation expense for any given vintage is calculated as future accruals divided by the remaining life of the vintage. If the $7.6M was spread through older vintages, the remaining life used in the depreciation calculation would be lower, thus increasing the depreciation expense.

Question:

1-110. For the 2025 capital expenditure forecast, split the estimated projects closed to Account 101, Plant in Service, split between ICR qualifying expenditures and non-ICR qualifying expenditures.

Response:

Please see the following tables which reflect the current submitted, but not yet approved, budget for 2025 capital expenditures.

The Company has proposed a future test year of 2025 in this base rate case. This request could, inappropriately, create the impression that investment recognized in the 2025 base rates would also be recognized in an ICR filing. To the extent that investment placed into service in 2025 will be included in base rates in this case, these capital costs will not be included in future Incremental Capital Rider calculations. While these may be ICR qualifying expenditures by definition, their recognition should be in this base rate case and not in an ICR filing.

Question:

1-111. Provide all written contracts between the Company and its affiliates. Provide a narrative description of any unwritten contracts between the Company and any affiliate, including all material terms.

Response:

Please refer to TAW_R_CADDR1_111_062524_Attachment 1 for the contract between American Water Works Service Company and the Company. Please refer to TAW_R_CADDR1_111_062524_Attachment 2 for the contract between American Water Capital Corp and the Company.

AGREEMENT

Agreement dated January 1, 1989, between AMERICAN WATER WORKS SERVICE COMPANY, INC., a Delaware corporation (hereinafter "Service Company"), and PENNSYLVANIA-AMERICAN WATER COMPANY, a Pennsylvania corporation (hereinafter "Water Company").

The background of this Agreement is that:

1. Both Service Company and Water Company are subsidiaries of American Water Works Company, Inc., a Delaware corporation (hereinafter "American").

2. Water Company has been organized for and is presently engaged in the business of providing potable water as a public utility in the State of Pennsylvania.

3. Service Company maintains an organization whose officers and employees are familiar with all facets of the water utility business, including the development, business and property of Water Company, and are experienced in the efficient management, financing, accounting and operation of water utility properties and the extension and improvement thereof. The officers and employees of Service Company are qualified to aid, assist and advise Water Company in its business operations through the services to be performed under this Agreement.

4. Service Company has provided administrative and operating services to Water Company for many years, the past 17 years pursuant to an agreement dated January 1,

1971. Because Water Company is of the opinion that it cannot obtain the same quality and diversification of services on a comparable economic basis elsewhere, it proposes to enter into a new agreement with Service Company more specifically defining the types of services available to it.

5. Service Company has entered or proposes to enter into agreements similar to this agreement with other affiliated water companies (hereinafter collectively "Water Companies").

6. The services to be rendered under this agreement are to be rendered by Service Company to Water Companies at their cost to Service Company, as hereinafter provided.

NOW, THEREFORE, in consideration of the premises and mutual agreements herein contained, the Water Company and Service Company agree that:

ARTICLE 1. PERSONNEL AND SERVICES TO BE PROVIDED

1.1 During the term of this agreement and upon the terms and conditions hereinafter set forth, Service Company shall provide corporate guidance for Water Company. In addition to the guidance provided by the officers and employees of Service Company through the coordination of functional activities for all subsidiaries of American, the officers and employees of Service Company shall furnish and Water Company shall purchase from Service Company, the following services: Accounting, Administration, Communication, Corporate Secretarial, Engineering, Financial, Human Resources,

Information Systems, Operation, Rates and Revenue, Risk Management and Water Quality, together with such other services as Water Company and Service Company may agree; provided, however, that Water Company may perform the service with its own personnel or engage another company or person to provide those services on its behalf. Service Company by mutual consent may engage another Company or person to provide such services on its behalf.

1.2 Service Company shall employ qualified officers and employees and those persons shall be available for election by Water Company to serve as officers of Water Company.

1.3 Without limitation, services to be provided by the Service Company shall be rendered as follows:

A. Accounting: Service Company shall assist in the preparation and implementation of accounting methods and procedures to determine that they conform fully to the requirements, rules and regulations of governmental authorities having jurisdiction and review Water Company's monthly financial reports, annual reports and other reports to stockholders and to any governmental authorities. It shall advise and assist in the establishment and maintenance of current record keeping techniques; review accounting procedures, methods and forms; and evaluate systems of internal control for receipt and disbursement of funds, materials and supplies, and other assets. Service Company shall maintain accounting records as required by Water Company. When appropriate, Service Company shall cooperate and consult with Water Company's independent certified public accountants.

Service Company shall assist in the preparation of operating and construction budgets and monitor the control over such budgets by comparing experienced costs to the projections.

Service Company shall prepare or assist in the preparation of federal, state and local tax returns for and to the extent required by Water Company.

B. **Administration**: Service Company shall make qualified employees available to perform or assist in the performance of Water Company's corporate activities. Those employees shall keep themselves informed on all aspects of Water Company's operations and shall regularly visit Water Company's facilities. They shall make recommendations to Water Company for operating expenditures and for additions to and improvements of property, plant and equipment. They shall keep abreast of economic, regulatory, governmental and operational developments and conditions that may affect Water Company; and advise Water Company of any such developments and conditions to the extent that they may be important to Water Company. Service Company shall provide an internal audit staff for periodic audits of accounts, records, policies and procedures of Water Company and submit reports thereon.

C. **Communications**: Service Company shall recommend procedures to promote satisfactory relations with employees, customers, communities and the general public and assist in the preparation of communication materials, (including press releases, brochures, audio visual presentations and speeches) plant tours, public exhibits and displays and other related services to inform the public.

D. **Corporate Secretarial**: Service Company shall maintain, in such places and manner as may be required by applicable law, documents of Water Company, such as minute books, charters, by-laws, contracts, deeds and other corporate records, and shall administer an orderly program of records retention. It shall maintain, or arrange for the maintenance of, records of stockholders of Water Company, prepare or arrange for the preparation of stock certificates, perform duties relating to the transfer of stock and perform other corporate secretarial functions as required including preparation of notices of stockholder and director meetings and the minutes thereof.

Service Company shall review and may assist in the preparation of documents and reports required by Water Company such as deeds, easements, contracts, charters, franchises, trust indentures and regulatory reports and filings.

E. **Engineering**: Service Company shall advise, and provide engineering services to assist Water Company in planning for, operating, maintaining and constructing its facilities.

It shall conduct distribution system surveys and hydraulic analyses and prepare or review maps, charts, operating statistics, reports and other pertinent data.

It shall assist Water Company in the proper maintenance and protection of Water Company properties by periodic inspection of its structures, tanks, reservoirs, dams, wells and electrical and mechanical equipment.

The engineering services provided by Service Company shall also include the conduct of field investigations as necessary to

obtain engineering information and, when required, the preparation of studies, reports, designs, drawings, cost estimates, specifications, and contracts for the construction of additions to or improvements of Water Company's source of supply, treatment plant, pumping stations, distribution system, and such other facilities as Water Company may request. Service Company shall provide a Materials Management Program to arrange for the purchase of equipment, materials, and supplies in volume on a basis advantageous to Water Company and assist in the evaluation of new and existing products and application procedures.

F. Financial: Service Company shall assist in the development and implementation of financing programs for Water Company, including the furnishing of advice from time to time on securities market conditions and the form and timing of financing; advise concerning arrangements for the sale of its securities; and assist in the preparation of necessary papers, documents, registration statements, prospectuses, petitions, applications and declarations. It shall prepare reports to be filed with, and reply to inquiries made by, security holders and bond and mortgage trustees.

Service Company shall assist Water Company in cash management including arrangements for bank credit lines, establishment of collection policies, and development of temporary investment programs.

Service Company shall provide assistance to Water Company in the preparation of all financial reports.

G. **Human Resources**: Service Company shall assist in obtaining qualified personnel for Water Company; in establishing appropriate rates of pay for those employees; and in negotiating with bargaining units representing Water Company employees. It shall carry out training programs for the development of personnel and advise and assist Water Company regarding personnel. It shall also advise and assist Water Company in regard to group employee insurance, pension and benefit plans and in the drafting or revising of those plans when required. It will keep Water Company apprised of all employment laws and develop procedures and controls to assure compliance.

H. **Information Systems**: Service Company shall make available to Water Company electronic data processing services. Those services shall include customer billing and accounting, preparation of financial statements and other reports including those required by Federal and State agencies.

I. **Operation**: Service Company shall develop and assist in the implementation of operating procedures to promote the efficient and economic operation of Water Company. Periodic operational reviews will be performed by Service Company personnel and any deviations from adopted procedures will be reported to Water Company.

J. **Rates and Revenue**: Service Company personnel shall make recommendations for changes in rates, rules and regulations and shall assist Water Company in the conduct of proceedings before, and in its compliance with the rulings of, regulatory bodies having jurisdiction over its operation. These personnel

shall keep abreast of economic and regulatory developments and conditions that may affect Water Company; and advise Water Company of any such developments and conditions to the extent that they may be important to Water Company. Rates and Revenue personnel shall assist in the preparation of rate filings or applications and the supporting documents and exhibits requested or required by the Water Company and their respective regulatory commissions. Service Company shall also provide qualified personnel to testify on Water Company's behalf as required during any regulatory proceedings.

K. **Risk Management**: Service Company shall provide a Risk Management Program to review the exposures to accidental loss of the Water Company, recommend efficient methods of protection either through the purchase of insurance, self-insurance or other risk management techniques and arrange for the purchase of insurance coverage. It shall also supervise investigation procedures; review claims; and negotiate and assist in, and evaluate proposals for, settlement at the request of Water Company. It shall assist in the establishment of safety and security programs to avoid or minimize risk and loss.

L. **Water Quality**: Service Company shall assist Water Company to comply with standards of governmental agencies and establish and attain water quality objectives of the Water Company. It shall assist in providing design criteria for processes, coordinating with public agencies, developing approaches and solutions to water quality problems, and providing

technical assistance and general direction for Water Company personnel.

It shall also provide laboratory services for programmed analyses as required by drinking water regulations, and special analyses as required by Water Company.

ARTICLE II. PAYMENT FOR SERVICES

2.1 In consideration for the services to be rendered by Service Company as hereinabove provided, Water Company agrees to pay to Service Company the cost thereof determined as provided in this Article II and in Article III.

2.2 All costs of service rendered by Service Company personnel for Water Company or in common with other Water Companies shall be charged to Water Company based on actual time spent by those personnel as reflected in their daily time sheets or other mutually acceptable means of determination.

2.3 All costs of Service Company incurred in connection with services rendered by Service Company which can be identified and related exclusively to Water Company, shall be charged directly to Water Company.

2.4 All costs incurred in rendering services to Water Company in common with similar services to other Water Companies which cannot be identified and related exclusively to services rendered to a particular Water Company, shall be allocated among all Water Companies so served, or, in the case of costs incurred with respect to services rendered to a particular group of Water

Companies, among the members of such group, based on the number of customers served at the immediately preceding calendar year end.

2.5 Cost for support personnel (secretaries, clerical personnel, clerks, messengers, telephone operators, mail clerks, and other incidental support personnel of the Service Company) as well as the cost of lease payments, depreciation, utilities and other costs associated with leasing office space and equipment by Service Company shall be allocated among the Water Companies on the basis of the proportion of the aggregate cost allocated under Sections 2.3 and 2.4.

ARTICLE III. ALLOWANCE FOR OVERHEAD

3.1 In determining the cost to be assessed by Service Company for the rendering of services to Water Company as herein provided, there shall be added to the salaries of all officers and employees for whose services charges are to be made, a percentage sufficient to cover the general overhead of Service Company, as defined below, properly allocable thereto. Such percentage shall be calculated each month and shall be the ratio of the total general overhead of the Service Company for the month to the total salaries of the employees for whose service charges are to be made to the Water Companies. No general overhead of Service Company shall be added to costs incurred for services of non-affiliated consultants employed by Service Company.

3.2 The term "general overhead" shall include:

(a) pension and insurance premiums paid for the benefit of Service Company employees,

(b) legal and other fees for services rendered to the Service Company,

(c) taxes,

(d) other general office supplies and other similar expenses, and

(e) interest on working capital.

ARTICLE IV. BILLING PROCEDURES AND BOOKS AND RECORDS

4.1 As soon as practicable after the last day of each month, Service Company shall render a bill to Water Company for all amounts due from Water Company for services and expenses for such month plus an amount equal to the estimated cost of such services and expenses for the current month, all computed pursuant to Articles II and III. Such bill shall be in sufficient detail to show separately the charge for each class of service rendered. All amounts so billed shall reflect the credit for payments made on the estimated portion of the prior bill and shall be paid by Water Company within a reasonable time after receipt of the bill therefore.

4.2 Service Company agrees to keep its books and records available at all times for inspection by representatives of Water Company or by regulatory bodies having jurisdiction over Water Company.

4.3 Service Company shall at any time, upon request of Water Company, furnish any and all information required by Water Company with respect to the services rendered by Service Company

hereunder, the costs thereof, and the allocation of such costs among Water Companies.

ARTICLE V. OTHER AGREEMENTS

5.1 It is understood by Water Company that Service Company has entered or may enter into similar agreements with other Water Companies that are affiliated with American to which similar services are to be furnished. Service Company will not enter into agreements to perform similar services for other companies on terms more favorable than those provided herein.

5.2 It is understood by Water Company that Service Company has entered or may enter into an agreement or agreements with American and certain other companies not engaged in the water or sewer service business to which limited services are to be furnished; Water Company consents to such additional agreements, provided, however, that no part of the cost of furnishing such services will be charged to Water Company.

ARTICLE VI. TERM OF AGREEMENT

This agreement shall become effective as of the later of (a) the date first mentioned above or (b) the date the parties receive the last of any necessary approvals of governmental regulatory agencies having jurisdiction in the premises. Upon becoming effective, this agreement shall be the sole agreement between the parties concerning the subject matter hereof and shall supersede all prior agreements, written or oral, including the agreement dated January 1, 1971, which shall terminate on the date this

agreement becomes effective. This agreement shall continue in full force and effect until terminated by either of the parties hereto giving the other party hereto ninety day's notice in writing; provided, however, that this agreement shall terminate as of the date Water Company or Service Company ceases to be an affiliate of American.

IN WITNESS WHEREOF, Service Company and Water Company have caused this agreement to be signed in their respective corporate names by their respective Presidents or Vice Presidents, and impressed with their respective corporate seals attested by their respective Secretaries or Assistant Secretaries, all as of the day and year first above written.

FINANCIAL SERVICES AGREEMENT

THIS AGREEMENT, dated as of June 15, 2000, by and between Tennessee-American Water Company (the "Company") and American Water Capital Corp. ("AWCC").

BACKGROUND

The Company currently performs its own financial services.

However, the Company has determined that it can obtain these services more efficiently through the consolidation of certain necessary management and staff functions with those performed for other entities that may enter into agreement with AWCC substantially similar to this one ("Co-Participants").

AWCC is dedicated to performing such consolidated functions.

Accordingly, the parties have determined to enter into this Agreement for the provision of financial services by AWCC to the Company and for the proper determination and allocation of the costs of providing such services.

Therefore, the parties agree as follows:

AGREEMENT

1. Services. AWCC will provide, either directly or through arrangements with third parties for the benefit of the Company, such financial services as the Company and AWCC may from time to time agree, including but not limited to those more fully described in Appendix I attached to this Agreement.

2. Costs. In consideration of the provision of the services contemplated by paragraph 1, the Company agrees to pay AWCC a portion of the costs and appropriate overhead incurred by AWCC in providing those services, as follows. The costs incurred by AWCC in connection with its bank credit lines and short-term public borrowings will be divided among the Co-Participants in proportion to the maximum principal amount that each Co-Participant requests be made available to it during the course of a year. The costs incurred by AWCC in connection with each long-term borrowing by AWCC will be divided among each Co-Participant in proportion to the principal amount of that borrowing that is loaned to that Co-Participant. AWCC's overhead will be allocated among the Co-Participants in the same proportion as each Co-Participant's long-term and maximum, requested short-term borrowings and investments in a calendar year bear to all of the long and maximum short-term borrowings and investments by all Co-Participants during the same year.

3. Statements. AWCC will prepare and deliver to the Company monthly statements of the services provided by AWCC and amounts payable to AWCC, giving effect to

all the provisions of this Agreement. The Company shall pay the net amount shown on its statement within thirty (30) days after the billing date.

4. Inspection. Upon reasonable notice, AWCC will make available to the Company for its inspection AWCC's books, records, bills, accounts and any other documents which describe or support the costs allocated to the Company under this Agreement.

5. Obligations Not Joint. AWCC and the Company expressly agree: (a) that the obligations of the Company and each Co-Participant to AWCC are several and not joint; (b) that the Company will not be responsible to any Co-Participant, to AWCC or to any assignee or creditor of AWCC for any payment in excess of payments due by the Company to AWCC under this Agreement or a Note in the form attached to this Agreement; and (c) that no Co-Participant will be responsible to the Company, to any other Co-Participant, to AWCC or to any assignee or creditor of AWCC for any payment in excess of payments due by that Co-Participant to AWCC under any agreement substantially similar to this Agreement or under any Note attached to that other agreement. AWCC covenants and agrees that it will require, as a condition to its entering into any such other agreement with a Co-Participant, that such other agreement contains the same provision as that contained in the immediately preceding sentence.

6. Notes. The Company's borrowings under this Agreement will be evidenced by one or more promissory notes in the form of Exhibit A or Exhibit B attached to this Agreement.

7. Non-Exclusivity. Nothing in this Agreement prohibits or restricts the Company from borrowing from third parties, or obtaining services described in this Agreement from third parties, whenever and on whatever terms it deems appropriate.

8. Effectiveness. This Agreement shall be effective as of June 15, 2000, provided that, if prior approval by the regulatory commission of any jurisdiction is required before this Agreement may become effective as to the Company, or before AWCC may provide a particular service hereunder to the Company, this Agreement shall not be effective as to the Company or as to that service, as the case may be, unless and until the required approval has been obtained. Unless and until this Agreement becomes effective as to the Company in whole or in part, the Company shall not be entitled to the benefits of, nor shall it have any rights or duties under, this Agreement. This Agreement may be amended or rescinded only by written instrument signed by the Company and AWCC.

9. Termination. The Company may terminate its participation in this Agreement by giving ten (10) days prior written notice of such termination to AWCC; and (b) AWCC may terminate this Agreement by giving ninety (90) days prior written notice of such termination to the Company. Termination of this Agreement will not affect: (a) the Company's obligations under any Promissory Notes; (b) any party's obligations with respect to any amounts owing under Sections 2 and 3 of this Agreement (including such amounts attributable to obligations of any terminating party under any Promissory Notes that remain outstanding after this Agreement is terminated as to that party); or (c) AWCC's obligations to repay any investments made by a Company pursuant to Appendix I.

10. Copies. This Agreement may be executed by the parties in one or more copies and each executed copy shall be considered an original.

In witness of the foregoing, each of the Company and AWCC has caused its respective corporate seal to be affixed to this Agreement and has caused this Agreement to be signed on its behalf by its duly authorized officers.

APPENDIX I

DESCRIPTION OF FINANCIAL SERVICES

Set forth below is a list of the services which AWCC agrees to provide to the Company upon its request pursuant to the Agreement to which this Appendix is attached.

1. Short-Term Loans. AWCC will provide Short-Term Loans to the Company pursuant to the terms set forth in the promissory notes to be issued by the Company to AWCC, each substantially in the form attached to this Agreement as Exhibit A.

2. Long-Term Borrowings. AWCC will provide loans other than Short-Term Loans to the Company pursuant to the terms set forth in the promissory notes to be issued by the Company to AWCC, each substantially in the form attached hereto as Exhibit B.

3. Cash Management. Cash not required by the Company to pay its daily disbursements or to pay when due the principal of and interest on, the Company's borrowings from AWCC other than Short-Term Loans will be used by AWCC first to reduce the outstanding principal balance of the Company's Short-Term Loans owing to AWCC and any excess will be deemed to be invested with AWCC and will earn a daily rate of interest that is equal to the interest income earned by AWCC on those funds. Upon the request of that Company, AWCC shall execute one or more promissory notes in favor of the Company, in form and substance substantially similar to the Promissory Note attached as Exhibit A to the Agreement as evidence of such investment.

EXHIBIT A
PROMISSORY NOTE
FOR SHORT-TERM LOANS

$_____ _____, 2000

FOR VALUE RECEIVED, [NAME OF COMPANY], a _____ corporation (herein "Borrower") hereby promises to pay ON DEMAND to the order of American Water Capital Corp., a Delaware corporation ("Lender"), in same day funds at its offices at Voorhees, New Jersey or such other place as Lender may from time to time designate, the principal sum of _____ dollars ($_____) (the "Maximum Principal Sum"), or such lesser amount as shall equal the aggregate unpaid principal amount of the loans made by Lender to Borrower (other than loans evidenced by a promissory note under which the principal amount is due and payable in one or more scheduled installments more than one year after the date of its issue), together with interest thereon from the date hereof until paid in full. Interest will be charged on the unpaid outstanding principal balance of this Note at a rate per annum equal to Lender's actual cost of funds to make such loan, such rate to change as Lender's actual cost of funds changes. Interest on borrowings shall be due and payable on the first business day of each month, commencing with the first business day of the month after the month in which this Note is executed. In the absence of manifest error, the records maintained by Lender of the amount and term, if any, of borrowings hereunder shall be deemed conclusive.

Borrower may borrow, repay and reborrow hereunder in amounts which do not, in the aggregate outstanding at any time, exceed the Maximum Principal Sum.

The occurrence of one or more of any of the following shall constitute an event of default hereunder:

(a) Borrower shall fail to make any payment of principal and/or interest due hereunder or under any other promissory note between Lender and Borrower within five business days after the same shall become due and payable, whether at maturity or by acceleration or otherwise;

(b) Borrower shall apply for or consent to the appointment of a receiver, trustee or liquidator of itself or any of its property, admit in writing its inability to pay its debts as they mature, make a general assignment for the benefit of creditors, be adjudicated a bankrupt or insolvent or file a voluntary petition in bankruptcy or a petition or an answer seeking reorganization or an arrangement with creditors or to take advantage of any bankruptcy, reorganization, insolvency, readjustment of debt, dissolution or liquidation of law or statute, or an answer admitting the material allegations of a petition filed against it in any proceeding under any such law, or if action shall be taken by Borrower for the purposes of effecting any of the foregoing; or

(c) Any order, judgment or decree shall be entered by any court of competent jurisdiction, approving a petition seeking reorganization of Borrower or all or a substantial part of the assets of Borrower, or appointing a receiver, trustee or liquidator of

Borrower or any of its property, and such order, judgment or decree shall continue unstayed and in effect for any period of sixty (60) days.

Upon the occurrence of any event of default, the entire unpaid principal sum hereunder plus all interest accrued thereon plus all other sums due and payable to Lender hereunder shall, at the option of Lender, become due and payable immediately. In addition to the foregoing, upon the occurrence of any event of default, Lender may forthwith exercise singly, concurrently, successively or otherwise any and all rights and remedies available to Lender by law, equity, statute or otherwise.

Borrower hereby waivers presentment, demand, notice of nonpayment, protest, notice of protest or other notice of dishonor in connection with any default in the payment of, or any enforcement of the payment of, all amounts due hereunder. To the extent permitted by law, Borrower waives the right to any stay of execution and the benefit of all exemption laws now or hereafter in effect.

Following the occurrence of any event of default, Borrower will pay upon demand all costs and expenses (including all amounts paid to attorneys, accountants, and other advisors employed by Lender), incurred by Lender in the exercise of any of its rights, remedies or powers hereunder with respect to such event of default, and any amount thereof not paid promptly following demand therefor shall be added to the principal sum hereunder and will bear interest at the contract rate set forth herein from the date of such demand until paid in full. In connection with and as part of the foregoing, in the event that this Note is placed in the hands of an attorney for the collection of any sum payable hereunder, Borrower agrees to pay reasonable attorneys' fees for the collection of the amount being claimed hereunder, as well as all costs, disbursements and allowances provided by law.

If for any reason one or more of the provisions of this Note or their application to any entity or circumstances shall be held to be invalid, illegal or unenforceable in any respect or to any extent, such provisions shall nevertheless remain valid, legal and enforceable in all such other respects and to such extent as may be permissible. In addition, any such invalidity, illegality or unenforceability shall not affect any other provisions of this Note, but this Note shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

This Note inures to the benefit of Lender and binds Borrower and Lender's and Borrower's respective successors and assigns, and the words "Lender" and "Borrower" whenever occurring herein shall be deemed and construed to include such respective successors and assigns.

This Promissory Note is one of the promissory notes referred to in the Financial Services Agreement dated as of June 15, 2000 between Borrower and Lender to which reference is made for a statement of additional rights and obligations of the parties hereto.

IN WITNESS WHEREOF, Borrower has executed this Promissory Note the day and year first written above.

PROMISSORY NOTE
FOR LONG-TERM BORROWINGS

$_____ _____, 2000

FOR VALUE RECEIVED, [NAME OF COMPANY], a _____ corporation (herein "Borrower") hereby promises to pay to the order of American Water Capital Corp., a Delaware corporation ("Lender"), in same day funds at its offices at _____ or such other place as Lender may from time to time designate, the principal sum of _____ dollars ($_____), together with interest thereon from the date hereof until paid in full. Interest shall be charged on the unpaid outstanding principal balance hereof at a rate per annum equal to the rate paid and to be paid by Lender with respect to the borrowings it made in order to provide funds to Borrower hereunder. Interest on borrowings shall be due and payable in immediately available funds on the same business day on which the Lender must pay interest on the borrowings it made in order to provide funds to the Borrower hereunder. The principal amount hereof shall be due and payable hereunder at such times and in such amounts and in such installments hereunder as the Lender must pay with respect to the borrowings it made in order to provide funds to the Borrower hereunder. Lender has provided Borrower with a copy of the documentation evidencing the borrowings made by Lender in order to provide funds to Borrower hereunder. In the absence of manifest error, such documentation and the records maintained by Lender of the amount and term, if any, of borrowings hereunder shall be deemed conclusive.

The occurrence of one or more of any of the following shall constitute an event of default hereunder:

(a) Borrower shall fail to make any payment of principal and/or interest due hereunder or under any other promissory note between Lender and Borrower within five business days after the same shall become due and payable, whether at maturity or by acceleration or otherwise;

(b) Borrower shall apply for or consent to the appointment of a receiver, trustee or liquidator of itself or any of its property, admit in writing its inability to pay its debts as they mature, make a general assignment for the benefit of creditors, be adjudicated a bankrupt or insolvent or file a voluntary petition in bankruptcy or a petition or an answer seeking reorganization or an arrangement with creditors or to take advantage of any bankruptcy, reorganization, insolvency, readjustment of debt, dissolution or liquidation of law or statute, or an answer admitting the material allegations of a petition filed against it in any proceeding under any such law, or if action shall be taken by Borrower for the purposes of effecting any of the foregoing; or

(c) Any order, judgment or decree shall be entered by any court of competent jurisdiction, approving a petition seeking reorganization of Borrower or all or a substantial part of the assets of Borrower, or appointing a receiver, trustee or liquidator of Borrower or any of its property, and such order, judgment or decree shall continue unstayed and in effect for any period of sixty (60) days.

Upon the occurrence of any event of default, the entire unpaid principal sum hereunder plus all interest accrued thereon plus all other sums due and payable to Lender hereunder shall, at the option of Lender, become due and payable immediately. In addition to the foregoing, upon the occurrence of any event of default, Lender may forthwith exercise singly, concurrently, successively or otherwise any and all rights and remedies available to Lender by law, equity, statute or otherwise.

Borrower hereby waivers presentment, demand, notice of nonpayment, protest, notice of protest or other notice of dishonor in connection with any default in the payment of, or any enforcement of the payment of, all amounts due hereunder. To the extent permitted by law, Borrower waives the right to any stay of execution and the benefit of all exemption laws now or hereafter in effect.

Following the occurrence of any event of default, Borrower will pay upon demand all costs and expenses (including all amounts paid to attorneys, accountants, and other advisors employed by Lender), incurred by Lender in the exercise of any of its rights, remedies or powers hereunder with respect to such event of default, and any amount thereof not paid promptly following demand therefor shall be added to the principal sum hereunder and will bear interest at the contract rate set forth herein from the date of such demand until paid in full. In connection with and as part of the foregoing, in the event that this Note is placed in the hands of an attorney for the collection of any sum payable hereunder, Borrower agrees to pay reasonable attorneys' fees for the collection of the amount being claimed hereunder, as well as all costs, disbursements and allowances provided by law.

If for any reason one or more of the provisions of this Note or their application to any entity or circumstances shall be held to be invalid, illegal or unenforceable in any respect or to any extent, such provisions shall nevertheless remain valid, legal and enforceable in all such other respects and to such extent as may be permissible. In addition, any such invalidity, illegality or unenforceability shall not affect any other provisions of this Note, but this Note shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

This Note inures to the benefit of Lender and binds Borrower and Lender's and Borrower's respective successors and assigns, and the words "Lender" and "Borrower" whenever occurring herein shall be deemed and construed to include such respective successors and assigns.

This Promissory Note is one of the promissory notes referred to in the Financial Services Agreement dated as of June 15, 2000 between Borrower and Lender to which reference is made for a statement of additional rights and obligations of Lender and Borrower.

IN WITNESS WHEREOF, Borrower has executed this Promissory Note the day and year first written above.

Question:

1-114. Provide a complete and detailed description of the methods the Service Company and Company used to reduce its health care costs.

Response:

The Company objects to this Request on the grounds that it is overly broad and unduly burdensome in that it seeks the production of vague and undefined information over an unspecified period of time. Subject to and without waiving the foregoing objections, American Water has consistently been proactive in seeking changes that improve how healthcare is delivered in an effort to control the costs of providing health insurance to its employees both now and in the future.

2016 – 2020 (pre COVID)

• American Water joined the Health Transformation Alliance (HTA) as a founding member in 2016. The HTA is comprised of 60+ companies, over 7 million lives, and a nearly $27 billion in healthcare spend. The HTA's purpose is to improve health outcomes for people and their families by helping address the rising cost of healthcare for employers and employees.[1] Some of the savings and initiatives of the HTA include:

- A coalition of employers joined together to purchase their pharmacy benefit plan as a larger group, which has achieved significant savings through the pharmacy/prescription drug program (includes specialty pricing and rebates).
- The HTA is working with Core Service Providers on developing plan designs and solutions that will support HTA Members' ability to utilize options to steer employees to high performing provider networks including narrow network design, incentives including copay differentials, and the creation of a provider rating mechanism to help employees identify high performing providers.

• A Joint Health Care Committee (JHCC), which consists of a group of Union and Company leaders, meets at least quarterly to share information and explore options for healthcare costs.

[1] *See* https://www.htahealth.com/

• American Water added a high-deductible health plan (the CDHP) as a new medical plan option to lower overall healthcare costs, which was added for Non-Union employees on 1/1/2017 and for Union employees on 1/1/2019. For plan year 2024, only 13% of medically covered employees are enrolled in the CDHP plan, but enrollment in this medical plan option has increased over the years.

• Moved Post-65 retirees to a Medicare Supplemental Exchange. Retirees now receive an annual Health Reimbursement Account (HRA) to purchase medical, prescription, dental, and/or vision care plans through the Exchange. Move Non-Union retirees as of 1/1/2017 and Union retirees on 1/1/2019. Reduced retiree healthcare costs.

• Capped the company contribution for Pre-65 retiree medical coverage to the amount the company contributed in 2018. This was effective 1/1/2017 for Non-Union retirees and 1/1/2019 for Union retirees.

• Added telemedicine to the medical plans effective 1/1/2019. Telemedicine visits cost $64 per visit compared to $100+ for an office visit and several hundreds of dollars for an Urgent Care or Emergency Room visits. This mitigates the costs of a visit for both the customer and the Company.

• In an effort to manage the plan costs, a Dependent Audit was conducted in the 2nd quarter of 2019. It required 100% of employees with dependent coverage to provide proof that dependents met plan eligibility rules. The majority of covered dependents were determined to be eligible however, 2.8% of ineligible dependents were removed from the plan (47 dependents were voluntarily removed from coverage by the employee and 71 dependents were removed from coverage by American Water because they were deemed ineligible).

2020 – 2024 (during and post COVID)

• During the COVID National Emergency period of March 13, 2020 through May 11, 2023, American Water implemented various *temporary benefits* to support essential water utility employees as they continued working.

• Implemented PrudentRx Medication Management effective 1/1/2022 for active employees and 4/1/2022 for retirees. Prudent Rx is a copay assistance program for specialty medications. In conjunction with the PrudentRx implementation, we also added a Prescription Drug Formulary for Pre-65 Retirees starting on 4/1/2022. Prescription Drug Formulary was already in place for the active employees.

• Effective 1/1/2022, implemented Maintenance Choice program for Pre-65 Retiree Medical Plan. Allowed two 30-day fills for new prescriptions for maintenance medications. After that, required to use CVS mail order OR local CVS retail pharmacy to fill a 90-day supply.

• Effective 1/1/2023, refreshed the *myWellness* program with new incentive design and web portal upgrade through Virgin Pulse. Our *myWellness* program aims to help employees make small, everyday changes to build healthy habits, have fun with coworkers and experience the lifelong rewards of better health and wellbeing. Employees can earn $300 per year for completing healthy activities like dental cleanings, mammogram and other cancer screenings, getting an annual flu shot, participating in walking challenges, etc.

• Effective 8/1/2023, entered into a National Benefits Agreement 'extension' setting the terms of employee/employer cost share for 5 years. The agreement covers ~3,000 eligible employees and their families as members of 71 bargaining units represented by 14 unions at American Water.
2024 – 84% Employer /16% Employee
2025 – 84% Employer /16% Employee
2026 – 84% Employer /16% Employee
2027 – 83% Employer /17% Employee
2028 – 82% Employer /18% Employee

• 2023 market check comparison on Pharmacy Plan leading to improved ingredient costs and lowered dispensing fees, which provided savings for employees and the Company during 2023, which are embedded in 2024 rates.

• Effective 10/1/2023, added Prior Authorization requirements on GLP1/Weight Loss drug categories to ensure proper usage and physician monitoring.

• Changed Stoploss vendor from Voya to HM Life effective 1/1/2024 resulting in premium savings. Also, increased Stoploss deductible amount which resulted in additional savings to both American Water and employee – Annual Stoploss premiums and anticipated Stoploss reimbursements for claims paid over deductible are used to calculate employee/employer rates.

• Changed formular for Humira on 4/1/2024 to new biosimilar which is expected to reduce or mitigate increases to costs going forward.

Question:

1-119. Provide a list of all legal-suit-related charges allocated to TAWC in 2023. For each suit, provide the total costs allocated to TAWC, including any reserves established for the suit, as well as legal fees incurred, and a full description of the nature of the suit.

Response:

In 2023 TAWC had two active legal suits against it that incurred charges in 2023.

Raines, et al. v. Tennessee-American Water Co. (Hamilton County Circuit Court, Case No. 21C611). This case involves claims related to property damage following a water pipe break that was allegedly a main owned by the Company. In 2023, this case resulted in legal fees totaling $493,210.75.

Bruce, et al. v. Tennessee-American Water Co. (Hamilton County Circuit Court, Case No. 19C1051). This case is a putative class action alleging damages arising from a 36" water main break. In 2023, this case resulted in legal fees totaling $605,309.38.

The combined 2023 legal fees in these cases totaled $1,098,520.13 which were covered by the Company's general liability insurance and allocated through the Company's insurance other than group.

Question:

1-120. Identify any book/tax timing differences which are not normalized (i.e. are flowed-through) for purposes of calculating the TAWC Accumulated Deferred Income Tax (ADIT) balance.

Response:

There are no book/tax timing differences which are considered flow-through for purposes of calculating TAWC ADIT. TAWC's book/tax timing differences are all normalized and treated as such in the ADIT balance.

Question:

1-122. Refer to the File <TAWC 2024 Rate Case – Pension Exhibit.xlsx>, and respond to the following:

a. Tab "2024 Pension Contribution" (Schedule EXP 10.3). Provide the supporting data underlying the 1.66% allocation of Pension contributions to TAWC;

b. Tab "2024 Pension Allocation." Define the term "valuation earnings" used within footnote 1 of the 2024 Pension Allocation tab and provide the rationale for using that particular ratio to allocate Pension Contributions to American Water Company affiliates; and

c. Provide all documentation supporting the 2024 estimated American Water Company Pension contribution level.

Response:

a. Please see Schedule EXP 10.4. The 1.66% allocation is TAWC's portion of the Total 2022 Valuation Earnings.
b. "Valuation earnings," as used in the allocations are the prior year's valuation earnings for each division. The 2024 costs are allocated based on 2023 valuation earnings. Valuation earnings are defined to be rates of pay for the year adjusted for average incentive awards and overtime without regard to the IRS pensionable earnings pay cap.
c. Please see TAW_R_CADDR1_122_062524_CONFIDENTIAL Attachment.

Question:

1-123. Does American Water Company or its affiliates have a separate pension plan for executives, commonly referred to as a Supplemental Executive Retirement Plan ("SERP") or Excess Retirement Plan? If so, respond to the following:

a. What were the costs of such a plan allocated to TAWC in 2023, and where were such costs recorded?
b. Are the actuarial results of such a plan contained in the CONFIDENTIAL Responses MFG Q017, MFG Q31, and MFG Q031 as provided in this case? If not, provide a copy of all such studies completed in 2023.
c. Identify the portion, if any, of the estimated 2024 contributions attributed to the SERP (or similar plan) and provide the underlying documentation supporting this cost assignment.

Response:

a. American Water Company offers a SRP plan, but the plan is paid for by American Water and no costs are allocated to the state subsidiaries.
b. Not applicable, because there are no costs associated with TAWC.
c. Not applicable, because there are no costs associated with TAWC.

Question:

1-124. Trial Balance. Refer to the Minimum Filing Guidelines (1-86), Response to Q010, File <2024 TAWC MFG Q010_Attachment.xlsx>, regarding the monthly trial balance for the last 2 fiscal years for TAWC. The Company's response only includes schedules for the monthly assets and liabilities of TAWC for January 2022 through December 2023. Provide a supplement to this response that also includes the monthly revenue and expense activity by subaccount for this same period.

Response:

Please see TAW_R_CADDR1_124_062524_Attachment.

TENNESSEE AMERICAN WATER COMPANY
TENNESSEE PUBLIC UTILITY COMMISSION
DOCKET NO. 24-00032
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE DIVISION

Responsible Witness: Robert Prendergast

Question:

1-125. Trial Balance. Refer to the Minimum Filing Guidelines (1-86), Response to Q010, File <2024 TAWC MFG Q010_Attachment.xlsx>, regarding the monthly trial balance for the last two (2) fiscal years for TAWC. The Company's response only includes the trial balance for TAWC. The monthly trial balance for TAWC's parent and any other affiliate that allocates costs to TAWC was also requested. Provide a supplement to this response that includes the monthly assets, liabilities, equity, revenues and expenses for affiliates that allocate costs to TAWC for this same period.

Response:

Please see TAW_R_CADDR1_125_062524_Attachment, which sets forth the monthly trial balance for TAWC's parent company for the requested time period.
