<b>Comment/Message:</b>	As a homeowner in the Northshore neighborhood serviced by this company, we are strongly opposed to this exponential rate increase. Rate increases are acceptable when costs go up. To triple or quadruple base rate is absurd and unjustifiable. Nearby Counce and Savannah water systems have not required

anything near this rate increase. Outrageous increases like this may harm affected property values causing long term harm. This appears to be a pattern with this company per the F BBB rating.
