<b>Comment/Message:</b>	We in do not agree with this much price increase. Our company is sending out an email to all our client list to ask for others to also speak up. This limestone company is polluting the wood all around their site with over flow spray and the smell coming from those ponds is becoming unbearable. We have been near these

ponds since they were built 25+ years ago. They have never been this bad. Limestone needs to clean up their ponds before asking for more money.
