Comment/Message:	I have 2 separate meters: 1 for my home and another for my irrigation system. Limestone Water's proposed average rate increase for our sewer bills is more than 4 times the current amount (i.e. currently \$20.03 increase to \$86.64). This is exponentially ridiculous to

charge a group of homeowners who are mostly retired and living on fixed incomes. I am against price gouging and I do not want to have double the increase.
