<b>Comment/Message:</b>	<p>This is over a 300% increase in our rates! Who does that??!! We have two water meters (not be choice) so our water and sewer bill will be outrageous. And we are retired on fixed income. I can understand some increase but 4 times as much?? And their water is poor to begin with. We don't even drink it! They charge us separate</p>

for water and sewer. They charge a base rate for each so whether we use one drop of water we get charged. And now this charge will quadruple?? This should be illegal.
