Commission Docket Number: 24-00044

Comment/Message:

Complaint: This nasty cesspool can in no decent way be called a proper working or properly managed city sewage system. Not only do we have to deal with the utter stench that is constant in Pickwick/Counce area, we have to deal with unrelenting disease spreading mosquitoes & black flies that have multiplied in

untold amounts since these ponds have been placed in the middle of our resort town. How can they justify raising the monthly amount when they haven't done anything to improve it.
