Comment/Message:	I am pleading that you deny the request that was made by Limestone Water Company to increase resident's rates for both water/sewer services. This is a heavy burden on homeowners during a time that we're fighting inflation. Families work diligently to be good stewards of water, electricity, and other resources, just to be

charged an astronomical fee for never turning on the water or using the septic system. This is un-American. My family would pay approximately \$140/month for unused services.
