CWS Water Systems is proposing a rate increase that I oppose vehemently.

They are asking for an increase for water and sewage. They are proposing a 220% increase to my water a sewer.

**Comment/Message:**

This is unacceptable, I can appreciate that they have made certain investments since purchasing our system, however an increase that impacts so many people with little or no explanation justifying the increase is bad business.

I and my household oppose this increase, a reasonable cost of living increase is okay.
