Greetings. My neighbor, David, and I were discussing the rate increase from Limestone Water for our community Candlewood Lakes. As we all know by now, they are asking for a 68% increase. David suggested that since the parent company, Central States Water Resources, is a large waste water treatment entity perhaps we could reach a middle ground. I'll pay the \$67.50/mo water rate if Limestone will pump my septic tank twice a year for free, as part and parcel of water service. So say I.

George Gregory
