To Whom It May Concern:

The suggested increase in the Shiloh Falls Residential area from \$20.03 to \$86.64 per 3,000 gallons is completely unacceptable. **This is a 400% price increase** and will find itself worthy of national attention on the media outlets as it relates to price gauging. Anything more than a COLA (cost of living) increase is a outrageous. This type of price increase is not good for Hardin County nor the state of TN. In fact, it would be an embarrassment and make all of us look illiterate for accepting this. I would ask the Commission to reject LIMESTONE utilities request. Furthermore, anything more than 5% indicates that they were creating false numbers in order to get the Commission to settle for 10,20,100% versus 400%. PLEASE BE CAREFUL OF THESE NEGOTIATION SHARK TECHNIQUES!!!!!!

Thank you in advance for your help in this matter,

Todd Zaugg
