<b>Comment/Message:</b>	<p>This is in regards to the Limestone Water proposed rate increase. How can such a substantial rate increase be justified by an INVESTMENT company who knew exactly what they were getting into? An increase like this could mean the difference between a family being able to make ends meet or not. The</p>

difference in pricing between other municipalities is insane and I urge the commission to remember that we aren't against increases over time but all at once is unreasonable, unrealistic, and diabolical.
