Comment/Message:

The proposed rate increase by Limestone Water Utility Company is completely beyond the pale for a basic public service. A cost of living increase is understandable, however, increasing rates by such a large amount (over 300% in some communities!) is simply unconscionable. I implore you to carefully consider the impact

this will have on our communities and the negative impact and financial hardship it may cause - please emphatically refuse this proposal. Notice of this was untimely & inadequate.
