Comment/Message:	I understand the need for upgrading and investing in infrastructure, however, the proposed increases are astronomically high. A 158% increase on the first 1000 gallons of water, a 246% increase on each additional 1000 gallons of water and a 340% increase in sewer rates are unacceptable. I urgently ask the Utility

Commission to deny Limestone Water their request to increase their rates and fees at these levels and have Limestone Water resubmit their request at more reasonable levels.
