<b>Comment/Message:</b>	<p>This is without doubt the the grossest overstated proposed rate increase that has ever been published at least that I have seen. It is probably one of the largest most overstated requests that has ever been presented.</p> <p>It was hard to keep from laughing as I</p>

compared the before and after numbers.  
I am not opposed to a 20-25% overall increase,  
but a 250% increase in the minimum bill and a  
210% increase for a 3000 gal useage is  
unwarranted, unjustified & unacceptable. Please  
reject it.
