Comment/Message:	I am strongly opposed to the rate increase proposed by Limestone Water Utility. When they purchased the utility and held a neighborhood meeting, the concerns of a large increase were addressed and the limestone representatives indicated the increase would be approximately \$50 from our current \$42 (before

fees).The proposed rates are flat for all areas, don't take into consideration the size of house/number of bedroom like the previous rates, and hit some areas with rates exponentially higher

Document Title:

Limestone rate hike

Brief Description of Document:

Opposition to Limestone Utility Proposed Rate hike. It is much higher than they indicated it would be when they purchased Cartwright Creek Utility.
