Comment/Message:	It has come to our attention that the Utility company that provides water and sewer to our home in Savannah is trying to obtain an increase that would more than triple the cost of these services. The utility company is Limestone Water Company.

In other words, if you were to use 3000 gallons of water in a month of service you would be billed \$71.72 for the water and \$86.44 for sewer service for a total of \$158.16 compared to the current charges of \$25.75 for the water and \$25.75 for the sewer.
