Comment/Message:	This is a complete and utter outrage than anyone would raise our water rates to these levels. A lot of people are retiring and cannot afford to pay \$100-\$200 a month for water bill bills when we're currently paying 30 and 50. The mere idea that these people would raise those rates so exorbitantly at one time just

screams the amount of greed that they are exercising. There's no logical basis for this type of increase at one time. I ask you to do something about this to prevent this from happening
