Tenn Public Utility Commission

I am writing with great concern about the proposed rate increase in our sewer charges. This is totally unacceptable. These investors are buying up the sewer systems in the area and paying way too much for them and passing the bill on to us the customers. They should not be allowed to do this just to pad their pockets! They have suggested a 400% rate increase for Shiloh Falls. I am not happy with this possible increase. I am totally against this increase. I think this should not be allowed. I vote NO!

Dr. Marshall E. Hollis
