Comment/Message:	<p>This increase has been confusing & frustrating. It was filed 7 mos ago & we are only now learning, the information is hard to find & is not transparent for how much the increase actually is, and best we have understood by our own gathering - not what was disclosed to us - is that the rates will be nearly doubling for our area.</p>

We understood the increases would be nominal. This is not acceptable and we would like to ask you to not only make it right but also be transparent as a company should be.
