Comment/Message:

We are OPPOSED to the EXTREMELY HIGH price increase in our water and sewage rates. As a former businessman, it does not make sense to me that they can purchase a company or utility, in this case, and claim to have made significant improvements in the system that we as are responsible to cover. It seems to me that they

did not assess what they were buying and just assumed that they could spend whatever monies they deemed necessary and expect their customers to pay for it.
