Comment/Message:

Please do not approve the proposed rate -- The proposed increase of 108% is unconscionable at worst and tone-deaf at best. An increase of this amount could create a hardship for many of the families in our community, especially against the backdrop of inflation. It appears that Limestone and its investors are placing all of

the burden of modernizing and updating this system on the residents. This rate increase is too much too quickly and we were only made aware of the request in February 2025.
