Comment/Message:	As a homeowner in the area served by Central States Water Resources, I am concerned and opposed to the proposed excessive increase in rates. As a business person and former mayor of Savannah that operates a public utility, I can understand an increase to cover inflation and ongoing cost, but I think this is out of line with

surrounding utilities. As a real estate agent, I am concerned with effect on property values and buyers choosing one area over another because of the high utility cost.
