Comment/Message:	I am not opposed to the price hike IF upgrades are done to the facility immediately. Since the takeover by CSWR, our HOA has been promised that upgrades would be completed. Limestone still has overflow issues, with toilet paper and raw sewage flooding our fields and running into the creek where my son fishes.

There are diesel pumps running 24 hours/day which I hear inside my home. This plant is grossly over-capacity and River Rest faces the consequences daily. These are issues of health/safety.
