Hello, my name is Patricia Walton and I am a resident in the Hunterwood community of which Limestone Water Utility is requesting to increase our sewage rate over 100%. I oppose the amount of this rate increase on the basis that we have not been provided sufficient notice for comment or review; not to mention the rate of the increase seems very unfair. More importantly, I understand there has been a lack of accountability for repairs and upgrades and there has been environmental damage from mismanagement of the facility at Grassland. I am requesting an extension from the committee for review of compliance and I support the Attorney General's office to advocate for the protection of our community from racketeering, price gouging and destruction of habit.

Concerned,
Patricia Walton
