Good evening,

I am a resident of the [REDACTED] Limestone Water Utility is proposing a more than 100% increase in our community's sanitary sewage rates, which I strongly oppose. My objection stems from the fact that we have not been given adequate notice to review or comment on this proposed increase. Furthermore, there has been a lack of accountability regarding necessary repairs and upgrades, coupled with environmental damage resulting from the mismanagement of the Grassland facility that is adjacent to the neighborhood common area. I am requesting that the committee extend the review period for compliance, and I fully support the Attorney General's office in advocating for the protection of our community from price gouging and environmental degradation. Thank you for your consideration.

Lindsay Castano
