Comment/Message:	<p>I am writing to express my strong opposition to the recent proposal by our local water utility company to increase rates by over 100%. This drastic hike is both unreasonable and unjustifiable.</p> <p>Based on my research, the national average</p>

annual increase in utility rates over the past decade has been between 2 to 3%. The proposed increase by our utility company is 33 times the national average, which is a clear indication of poor management and inefficiency within the organization.
