**Subject:** Limestone Sewer Rates Increase and Sanitary Sewer Issues

Hello,

My name is Katie Mitchell, and I am a resident [REDACTED] community of Williamson County TN, of which Limestone Water Utility is requesting to increase our community's sanitary sewage rate over 100%. I oppose the amount of this rate increase on the basis that we have not been provided sufficient notice for comment or review. More importantly, there has been a lack of accountability for repairs and upgrades, and there has been environmental damage from mismanagement of the facility at Grassland. I am requesting an extension from the committee for review of compliance, and I support the Attorney General's office to advocate for the protection of our community from racketeering, price gouging and destruction of habitat.

With gratitude,  
Katie Mitchell
