Subject: Limestone Water Utility

Hello, my name is Todd Browner and I am a resident [REDACTED] of Williamson County TN, of which Limestone Water Utility is requesting to increase our community’s sanitary sewage rate over 100%. I oppose the amount of this rate increase on the basis that we have not been provided sufficient notice for comment or review. More importantly, there has been a lack of accountability for repairs and upgrades and there has been environmental damage from mismanagement of the facility at Grassland. I am requesting an extension from the committee for review of compliance and I support the Attorney General's office to advocate for the protection of our community from racketeering, price gouging and destruction of habitat.

Todd Browner
