These rates are ridiculous. I have lived all over the Southeast and never had sewer rates be more than water rates. I am retired and moved to Nolensville with my wife. Most houses in the area are 4 bedrooms if not more so according to Limestone they must charge by bedroom because that's all the state will allow so it doesn't matter if 2 or 8 people live in a home you pay the same sewer rate. Totally unfair, it should be based on occupancy or amount of water used.

I'm currently paying \$75 per month yet my water bill runs around 35-40 in winter and around 100 in the summer running irrigation.

This makes me want to move back to Mississippi where the Public Service Commission takes care of people not companies.

Steve Nichols
