IRM's proposal to increase our rates for sewer management is unquestionably inflated and detrimental. 29% is too much of an increase for the community. My husband and I live on a fixed income and would find this difficult to pay, along with the increase in all our other monthly expenses. Our recent property tax increase has affected everyone as well. Beware of overtaxing and over compensating for inefficient spending. Tennessee is fast becoming unaffordable to many potential homebuyers and businesses.
Sincerely, Beverly Ahn
