This message relates to Kingsport Power Company d/b/a AEP's current filing to increase its electric rates. According to SolarReviews.com, AEP's Tennessee rates have doubled between the years 1999 to 2024, rising from \$0.64 to \$0.1254 per

Comment/Message:

KWH. This increase appears to be in part due to efforts to meet anticipated demand from AI companies.
TPUC should ensure the AI industry pays for the increased cost of providing its electricity, rather than to spread those costs across consumers.
