Electronically Filed in TPUC Docket
Room on April 21, 2025 at 1:56 p.m.

I. WITNESS INTRODUCTION

Q. Please state your name, title, and business address.

A. Tiffani Weems, Manager, Regulatory Reporting, Southern Company Gas ("SCG"). My business address is 10 Peachtree Place, Location 1686, Atlanta, Georgia 30309.

Q. On whose behalf are you testifying in this Docket?

A. I am testifying on behalf of Chattanooga Gas Company ("CGC" or "Company"), which is a subsidiary of SCG. Our Regulatory Reporting group provides technical support and expertise to CGC and other SCG subsidiaries.

Q. Please describe your professional background and education.

A. I graduated from DeVry University in 2006 with a Bachelor of Business Administration degree in accounting. I have over 10 years' experience in real estate and property, financial technology, and general corporate accounting, as well as financial planning and analysis. In 2018 I began working at SCG as a Regulatory Accounting and Reporting Analyst and was later promoted to the Regulatory Reporting Manager. In this position, I am responsible for the preparation, review and filing of monthly and annual financial information to state regulatory commissions, including rate case proceedings.

Q. Have you ever testified before this Commission?

A. Yes, I submitted direct and supplemental testimony to the Tennessee Public Utility Commission ("TPUC" or "Commission") on behalf of CGC in dockets 24-00024 ("2023 ARM Docket"), 23-00029 ("2022 ARM Docket"), and Docket 22-00032 ("2021 ARM Docket").

II. PURPOSE OF TESTIMONY

Q. What is the purpose of your testimony?

A. The purpose of my testimony is to support CGC's sixth ARM filing, as set forth in the settlement agreement approved by the Commission in the 2019 ARM Docket, by its Order Approving Settlement Agreement dated October 7, 2019 ("2019 ARM Order"). I present and discuss the calculation of the Company's 2024 Historic Base Period annual reconciliation balance deficiency, and the rate reset necessary for the Company to earn its authorized rate of return as approved by this Commission by its order of January 15, 2019, in docket 18-00017 ("Rate Case Order").

Q. Please summarize the Company's 2024 ARM filing.

A. The annual reconciliation balance revenue deficiency is $9,727,452 combined with a rate reset of ($6,425,143) resulting in a request to approve a total rate adjustment of $3,976,804.

Q. Are you sponsoring any exhibits?

A. Yes. In addition to this testimony, I am sponsoring two exhibits. The exhibits are comprehensive documents and, as such, contain certain noted schedules that are sponsored by Ms. Ashley Vette or Mr. Paul Leath.

- Exhibit TW-1 is the ARM Model which contains the calculation of the 2024 annual reconciliation balance and rate reset, and other supporting schedules. As detailed in Exhibit TW-2, a number of the schedules in Exhibit TW-1 are sponsored by Ms. Ashley Vette. Exhibit TW-2 contains a complete list of the schedules provided in this ARM filing,

the witness sponsoring each schedule, and the location of the schedules as many of the schedules are contained within the ARM model.

Q. Are all of the required ARM schedules identified in the ARM Order and the 2019 ARM Stipulation included in CGC's ARM filing?

A. Yes, CGC's ARM filing includes all of the required ARM Schedules identified in the ARM Order and Schedule 39 *Outside Legal Services* as agreed to in the 2019 ARM Stipulation 20-00049, with the exception of the Company's Annual Financial and Operating report, FERC Form II, which will be filed on or before May 1, 2025. The Company will supplement this ARM filing with the report as well. Additionally, the Company has included other supplemental workpapers filed in Schedule 35 *Additional Workpapers* necessary to support its filing and, for convenience and timeliness, included items requested in past ARM filings through formal and informal discovery.

Q. Are the required schedules identified in the 2021 Pipeline Replacement Order included in the ARM filing?

A. Yes, CGC's ARM filing includes Schedules 35.11 *Annual Pipeline Replacement Program Budget* as agreed to in the 2021 Pipeline Replacement Program Stipulation in docket 21-00131 ("PRP Stipulation").

Q. Please provide a brief overview of the supplemental workpapers submitted in Schedule 35.

A. Schedule 35 includes twenty-three supplemental workpapers. The Company has provided supplemental workpapers to support its case as well as items

requested/discussed in prior ARM proceedings, the 2021 PRP Stipulation (Docket 21-00131), and the 2021 Special Contract Negotiations (Docket 21-00094).

- Schedule 35.01, Affiliate Agreements. This Schedule contains confidential information. The schedule includes the following agreements: ASC-CGC Services Agreement, ASC-SCS Services Agreement, Money Pool Agreement and SCS Tax Allocation Agreement.
- Schedule 35.02, Incentive Compensation Workpaper. This details the breakout of incentive compensation between short-term and long-term incentive compensation.
- Schedule 35.03, Other Post Retirement Benefits Payments Workpaper. This provides support for the direct and allocated OPEB payments.
- Schedule 35.04, Pension Payments Workpaper. This provides support for CGC pension cash contributions/payments.
- Schedule 35.05, EDIT Bal & Act Workpaper. This includes tax reports and workpapers supporting EDIT balances and activity.
- Schedule 35.06, Outside Services YE Accruals Workpaper. This has direct and allocated OS accruals in excess of 25K.
- Schedule 35.07, ADIT Workpaper. This tax reports supporting ADIT balances and support for the OPEB/Pension ADIT adjustments.
- Schedule 35.08, Damage Billing WP. This workpaper provides support, on billing reimbursements from third parties.

- Schedule 35.09, Renewco-Meadow Branch Annual Inspection fees. This has direct and allocated account level details for the fines and penalties adjustment.
- Schedule 35.10 Lobbying and Civic Participation Workpaper. This provides support for the allocated civic participation adjustment.
- Schedule 35.11, Annual Pipeline Replacement Budget. This schedule includes the 2025 PRP budget by project.
- Schedule 35.12, SC Plant Rollforward. This Schedule includes the AGL Services Company (ASC) monthly plant-in-service and accumulated reserve activity by FERC account.
- Schedule 35.13, Non-Allocable Plant. This Schedule includes the calculation of the non-allocable year-end plant-in-service, accumulated reserve, and Construction Works in Progress (CWIP).
- Schedule 35.14, Special Contract Revenue-Currents Rates – CONFIDENTIAL, provides support for the Special Contract revenue under the current rates effective September 1, 2024.
- Schedule 35.15, Proof of Special Contract Revenue at Proposed Rates CONFIDENTIAL, provides support for the annual revenue for the Special Contract customers.
- Schedule 35.16 Support of revenue by Rate Schedule, adopted in Docket 24-00024, CONFIDENTIAL, as shown in Schedule 6.

- Schedule 35.17 Detailed support for Schedule 16.4, Number of Customer and Volumes, provides monthly schedule for customer, volumes, and revenues.
- Schedule 35.18 Revenue – Other Normalization Adjustments, provides support for Other Normalization Adjustments as shown in Schedule 6.
- Schedule 35.19 Inactive Service Lines Workpaper, provides detailed support for Inactive Service Line Adjustment on Schedule 14.3
- Schedule 35.20 Detailed Support for Schedule 15, provides support for Historic Base Period volumes and Jurisdictional Non-Gas Revenue
- Schedule 35.21 Summary of Customer Deposits. This schedule includes the summary of customer deposits balances.
- Schedule 35.22 Federal Prime Rates. This schedule includes daily bank prime loan rates.
- Schedule 35.23 Advertising Expense Workpaper. This Schedule provides support for the advertising expense adjustment.

III. OVERVIEW & HISTORY OF CGC'S ANNUAL REVIEW MECHANISM

Q. What is the purpose of the Company's Annual Review Mechanism?

A. The purpose of CGC'S ARM is to provide the Company a reasonable and timely means of recovering its cost of service as measured against its current authorized rate of return set in the Rate Case Order. The Company's ARM is symmetrical ensuring that any earnings in excess of its authorized rate of return are returned to customers, while also allowing the Company to recover any deficiency as measured against the rate of return. The ARM is a comprehensive mechanism based on known historical

information and data and includes all components of the Company's cost of service including capital investment, depreciation expense, O&M expenses, taxes, and revenues. Ultimately, the ARM mechanism allows the Company to recover its cost of service in a timely manner while avoiding the cost and time necessary for a general rate case and earn a fair and reasonable rate of return as established in the Rate Case Order.

Q. What is the basis for CGC's ARM filings in this Docket?

A. The ARM process we are following was set forth in a Settlement Agreement reached by and between the Company, the Consumer Advocate Unit of the Attorney General's Office ("Consumer Advocate"), the Chattanooga Regional Manufacturers Association ("CRMA"), and Party Staff on July 26, 2019. This Settlement Agreement was subsequently approved by the Commission in the ARM Order on August 12, 2019.

Q. Please provide a general description of CGC's ARM and how it works.

A. The Company's prescribed ARM mechanism has two components: (1) recovery or refund of a Historic Base Period revenue deficiency or surplus referred to as the annual reconciliation balance, and (2) a prospective rate setting mechanism referred to as the rate reset. Both the calculation of the annual reconciliation balance and the rate reset include the rate-making adjustments and methodologies set forth in the ARM Order, and the 2019 and 2020 ARM Stipulations.

The Historic Base Period annual reconciliation balance is determined based on a review of the Company's actual rate of return compared to its current authorized rate of return of 7.12%. The resulting revenue deficiency or surplus for the Historic

Base Period is then deferred and included in the Company's calculation of the rate reset. The rate reset utilizes the same Historic Base Period cost of service but is adjusted for the recovery or refund of the annual reconciliation balance and certain normalization adjustments described in detail below. Simply put, the prescribed ARM allows for rates to be set annually to recover or refund the prior year's annual reconciliation balance and to collect on a going forward basis rates needed to earn the authorized rate of return.

Q. In the Company's 2020 ARM filing, a voluntary rate cap was approved for the 2020 through 2023 ARM filings. Please discuss the voluntary rate cap.

A. In the 2020 ARM filing the Commission approved the Company's proposal, as requested by the Company and stipulated between the Company and the Consumer Advocate, to limit the rate increase for the 2020 ARM filing and next three filings up to $6.8 million annually with any under-recovered amount rolling to the next year. However, the company is no longer under this rate cap as of the 2024 ARM filing.

Q. What are the components that make up the authorized rate of return of 7.12%?

A. The 7.12% is CGC's current authorized rate of return, approved by the Commission in the Rate Case Order. The capital structure consists of 6.30% short-term debt, 44.47% long-term debt, and 49.23% equity. The cost of short-term debt is 3.01%, long-term debt is 4.73%, and the return on equity is 9.8%. Furthermore, the fixed rate of return 7.12% was agreed to by all parties in the ARM Docket and approved

by the Commission in the ARM Order, so this is a fixed component for purposes of the Commission's review of CGC's ARM filing in this case.

Q. Have you complied with the rate making methodologies and filing requirements set forth in the Rate Case Order, the ARM Order, and the 2019 and 2020 ARM Stipulations?

A. Yes, the Company's ARM filing incorporates the rate making methodologies established in the Rate Case Order and the stipulated filing requirements approved in the ARM Order and the 2019 and 2020 ARM Stipulations.

IV. CGC'S 2024 ANNUAL RECONCILIATION BALANCE AND RATE RESET

Q. What calculations did you perform for the ARM filing?

A. I calculated the Company's actual rate of return for the 2024 Historic Base Period and compared the results to the authorized rate of return approved by the Commission. The difference, with the addition of carrying costs, comprises the Company's annual reconciliation balance. After calculating the annual reconciliation balance, I calculated the rate reset which includes normalization adjustments and recovery of the 2024 annual reconciliation balance over one year. The results and supporting calculations are shown in Exhibit TW-1. All of the calculations were made in accordance with the approved methodologies.

Q. Please discuss the results of your calculations.

A. The Company's actual rate of return for the Historic Base Period is 4.8%. This return is considerably less than the authorized rate of return of 7.12% approved by the Commission. The difference between the authorized rate of return and actual rate of return results in a total annual reconciliation balance revenue deficiency of

$9,727,452. With the addition of carry cost, the total deficiency balance is $10,123,374. The annual reconciliation balance is presented in Schedule 29 in Exhibit TW-1. The rate reset rate of return of 8.7%, is higher than the authorized rate of return due to the ARM normalization adjustments. The difference between the authorized rate of return and actual rate of return for the rate reset results in a revenue sufficiency of ($6,425,143). Incorporating both the 2024 Historic Base Period annual reconciliation balance, including the balance not recovered in the 2023 ARM in excess of the $6,800,000 cap, and the rate reset results in a total rate adjustment of $3,976,804.

Q. Were the rate making adjustments set forth in CGC's Rate Case Order reflected in the calculation of the revenue deficiency?

A. Yes, all rate making adjustments were performed. A summary of the rate making adjustment amounts and by roll-up category is provided in Schedule 5 of Exhibit TW-1. The amounts are further linked within the model to supporting workpapers. The table below list each rate making adjustment and the Schedules the adjustment details are provided within.

Rate Making Adjustments	Schedule
Exclude AMA Management & Consulting Fee from Revenues	Schedule 5.1
Exclude 65% of Direct and Allocated Short-Term Incentive Comp.	Schedule 27
Exclude 100% of Direct and Allocated Long-Term Incentive Comp.	Schedule 27
Exclude 100% of Promotional Advertising	Schedule 26
Exclude 100% of Lobbying Costs	Schedule 24
Exclude 100% of Supplemental Executive Retirement Plan Expense	Schedule 25
Exclude Pension and OPEB Expense, Include Actual Cash Contributions	Schedule 25

Q. Were any other rate making adjustments included in the calculation of the deficiency?

A. Yes, in addition to the rate-making adjustments specified in the Rate Case Docket, the Company has incorporated an adjustment discussed and approved in the 2020 ARM Stipulation that reduces depreciation expense for inactive service lines. Additionally, the Company concluded two adjustments as of December 31,2023, for the amortizations of ASC deferred pension contributions and LNG Maintenance Liquefaction Equipment.

In addition to the approved rate making adjustments mentioned above, the Company has adjusted for the impact on revenue associated with miscellaneous billing adjustments, removed direct and allocated fines and penalties, and made an adjustment to include CGC's portion of allocated capitalized interest incurred during construction.

Q. Has the Company incorporated Natural Gas Safe Habor ("NGSH") Provisions in this year's ARM?

A. Yes. The Company has incorporated the federal income tax provisions of the Natural Gas Safe Harbor ("NGSH") rules.

Q. Please discuss the Company's incorporation of the NGSH Provision.

A. In April 2023, the United States Internal Revenue Service ("IRS") issued Revenue Procedure 2023-15, which allows utilities owning natural gas transmission and distribution assets to deduct certain costs that would otherwise be capitalized under the NGSH provision. This provision categorizes natural gas assets into three

groups: distribution linear property, transmission linear property, and non-linear property for transmission and distribution.

Adoption of NGSH was elective, but if a company chose to adopt NGSH for non-linear property, it must also adopt NGSH for linear property. The timing for adopting NGSH was also elective. Revenue Procedure 2023-15 outlines the rules for expensing distribution linear property, transmission linear property, and non-linear property. Additionally, it describes the rules for what must remain capitalized, including "per se" capital activities and rules for testing projects over several years ("aggregation").

Q. Did the Company adopt NGSH?

A. Yes, the Company adopted NGSH effective January 1, 2024.

Q. What is the impact to the Company's filing associated with adoption of NGSH?

A. The federal 481(a), or "catch up" gross repairs deduction in 2024 is $28.2 million. The "catch up" deduction includes years 2015-2023. The current year gross repairs deduction for 2024 is $9.4 million. The average ADIT balances for the Historic Base Period ending December 31, 2024, increased by approximately $6.6 million as a result of the 481(a) "catch up" deduction, and current year repairs deduction.

Q. Does adoption of NGSH impact CGC's excess deferred income taxes ("EDIT")?

A. Yes, as a result of the NGSH method adoption the Company has recharacterized an amount from protected EDIT to unprotected EDIT of $273,000 (before gross-up) as of December 31, 2024. The recharacterized EDIT amount may be trued-up based

on the 2024 tax return. The Company's Historic Base Period includes amortization of the recharacterized EDIT using the average rate assumption method (ARAM), the same methodology used for protected EDITs. The Company is not proposing a change in the amortization of the recharacterized unprotected EDIT at this time.

Q. Are there any other impacts associated with the NGSH Provision?

A. Yes, the Company expects to be subject to the Corporate Alternative Minimum Tax ("CAMT") for the 2024 tax year, which is primarily driven by tax deductions for the NGSH, based on interpretations of early CAMT guidance. 2024 provisional estimates will be finalized with the 2024 income tax return that will be filed in the third quarter of 2025.

Q. Please discuss the normalization adjustments performed in the 2024 rate reset.

A. The methodologies for the 2024 rate reset include normalizing certain rate base and income statement items. In addition to the prescribed normalization adjustments, the rate reset also allows for the adjustment of any material one-time, non-recurring items. The tables below list each normalization adjustment and the Schedules the adjustment details are provided within.

Material One-Time, Non-Recurring Adjustments	Schedule
Group Insurance - Medical (five-year Avg.)	Schedule 28

Prescribed/Approved Adjustments	Schedule
Weather Normalization	Schedule 16.3
2023 ARM Revenue Normalization	Schedule 6
Removal of the 2023 ARM Deficiency from the Historic Period	Schedule 5
Other Revenues (four-year avg.)	Schedule 28
Depreciation Expense	Schedule 14

Annual 2024 Reconciliation Balance	Schedule 29
Interest on Customer Deposits	Schedule 28
Uncollectible Expense (five-year avg.)	Schedule 28
Material and Supplies (three-year avg.)	Schedule 28
Prepayments (three-year avg.)	Schedule 28
Gas Inventory (three-year avg.)	Schedule 28
Reserve for Uncollectible (three-year avg.)	Schedule 28
Reserve for Health Insurance (three-year avg.)	Schedule 28
Other Reserves (three-year avg.)	Schedule 28

Q. Is there anything else the Company would like to discuss?

A. Yes, recently an oversight was discovered regarding the calculation of the composite ratio, which is one of the allocation factors used to allocate or bill the utilities. This oversight impacted August 2022 – December 2022 and the full years 2023 and 2024. ASC is currently assessing the impact to CGC for those time periods, and the Company intends to include a rate making adjustment to incorporate the impact in CGC's 2025 ARM. The composite ratio calculation has been corrected on a go forward basis effective January 1, 2025. In the spirit of full transparency, the Company wants to ensure that the Commission and intervenors are informed. The Company aims to ensure that everyone understands the events that transpired and to communicate its clear intention to incorporate the necessary adjustments in the 2025 ARM case once the full scope of the impacts is understood.

V. CONCLUSION

Q. Please summarize CGC's ARM filing.

A. The Company has submitted a 2024 annual reconciliation balance, and a rate reset, both of which are based on and comply with the methodologies approved by this Commission in the Rate Case Order and 2019 ARM Stipulation, including the

required rate making and normalization adjustments. The Company has also produced all the necessary filing documents supporting the calculation of the 2024 annual reconciliation balance and rate reset as required by the ARM Order. As previously discussed, the annual reconciliation balance revenue deficiency is $9,727,452 combined with a rate reset of ($6,425,143), resulting in a total rate adjustment of $3,976,804. The Company respectfully requests the Commission approve Chattanooga Gas Company's 2024 ARM filing as filed and approve an increase in rates in the amount of $3,976,804.

Q. Does this conclude your direct testimony?

A. Yes.
