Comment/Message:	I support TPUC oversight of the Tellico Village water and sewer utilities. I believe oversight will improve the management of our systems. TVPOA has recently... 1) raised water rates 225%, 2) implemented an \$80 water assessment using questionable (at best) legal basis,

and 3) is proceeding with major capital projects using engineering plans which are built on obsolete assumptions (ex. input and output flow) and significant inaccuracies (ex. current pump age/maintenance/useful life)
