Comment/Message:	None of the water issues were privy to us before we moved here three years ago. After we moved in, we discovered that Tellico Village POA (Electric Utility) is charging us \$20 per month for five years to cover the cost of bringing electricity to our lot. A few months later, we were informed that the Tellico Village

POA would be adding a \$80 fee to our water bill as an assessment. Now we understand that they are no longer going to charge us this month, but will not be refunding the money.
