10 Months of knowledge - \$80 assessment for 60 months without a contract with final \$ amount OR work to be done. "Suspended" this month, after paying 10 months, with "suspended" stressed. POA is marking up our water purchased from LUB to the tune of 225% when using real math but we are told it's 68%.

Profits from upcharging on water has been merged together with other monies (simpler accounting) only to aid in the Tanasi rebuild as best I can understand, increasing rates to cover water system
