**Comment/Message:**

I and my elderly tellico village property owning patents support this inquiry and ask your help in regulating our exorbitant rates! My patents are not able to submit this statement on their own so at their request I'm assisting. I am extremely concerned about their financial and emotional well-being related to TV POA A's actions in the

last few years. I feel their concerns and requests for transparency with regard to utility costs and operation have been ignored, negeted, or outright deception.
