The circa 2013 decision by the then POA CEO to refuse Loudon Utilities' demand that Tellico Village fix leaky pipes was a costly mistake. Instead the POA started purchasing water from Loudon Utilities and distributed it to Tellico Village residents. The POA added a substantial "mark-up" to the price paid to

Loudon Utilities for water while neglecting to fix the water leakage problem.

In May 2024, the Tellico Village POA propopsed a costly insfastructure spending program
