Comment/Message:	I am attaching a document showing the yearly trajectory of the obscene water rates from 2019 through 2025. Though I generally fall in the camp of the less regulation the better, in this instance, this needs to be dealt with swiftly by the AG. Please, please step in and take over. It seems the inmates are running the asylum!

Thank you for the rapid attention this issue has been given thus far. It is very appreciated!
