Comment/Message:	I lost trust in the Tellico Village POA to handle our water and sewage needs when I found out they were padding the water bills to pay for other village needs. Then they were threatening to turn off water service to individuals who did not pay these padded bills. I would appreciate the state taking a look at their practices and

assisting with the improvement of the water and sewage system here as the growth in population has now overwhelmed the infrastructure much like many areas in TN.
