Comment/Message:	<p>The excessive cost for a necessity of life is the issue. the POA has found a way to create a large profit margin for water and sewer. The POA has made a large profit \$2,000.00.00 this year from the service of billing, providing water and sewer to Tellico Village residents. They obtain their water and sewer treatment services</p>

from LUB and Tass Water districts. Everytime there is an increase from these two districts the cost is passed onto the residents as expected plus a 200-300% over increase.
