Comment/Message:	Our POA, against the wishes of the membership, is now charging us 225% more for water than they pay the local utility. There is no verification that they are spending the money on solely water and sewer projects. Even if they were, this kind of increase over the last few years is abusive and they are threatening to

increase again. They've also shut down residents' water if they don't pay an abusive \$80/month assessment they slapped on with no vote of the membership as per our founding documents.
