**RE: S&B Tennessee Enterprises, Inc. f/k/a “Monster Broadband, Inc.”
Docket No. 25-00055
Cancellation of Certificate of Public Convenience and Necessity to Provide
Competing Facilities-Based Local Exchange Telecommunications Services,
Including Exchange Access Telecommunications Services, and Resold Long
Distance Services in the State of Tennessee**

Dear Mr. Conklin:

Pursuant to Tenn. Comp. R. & Regs. R. 1220-4-8-.05, please accept the original and Four (4) copies of this letter as notice to the Tennessee Public Utility Commission (“Commission”) that S&B Tennessee Enterprises, Inc. f/k/a “Monster Broadband, Inc.” (“S&B”) is requesting the Commission to cancel its Certificate of Public Convenience and Necessity (“CCN”) as granted in Docket No. 17-00065 on February 2, 2018, at the Commission’s earliest convenience.

On November 11, 2022, Point Broadband Fiber Holding, LLC, a Delaware limited liability company (“Point”) acquired all of the assets and operations of S&B pursuant to an Asset Purchase Agreement (and related documents) that resulted in a transfer of the complete customer base of S&B to Point for operation under Point’s relevant licenses. Since all of S&B’s customers were transferred to Point effective as of November 11, 2022, S&B simultaneously with the completion of this transaction, ceased to exist as a telecommunications carrier and is requesting the cancellation of its CCN.

Customer notice is not applicable, as S&B no longer has any customers.
