RE: *Application of Two Rivers Utility, LLC for a Certificate of Public Convenience and Necessity, TPUC Docket No. 25-00073*

Dear Ms. Stachowski:

We are in receipt of your follow-up correspondence requesting additional information regarding the minimum filing requirements in the above-referenced docket. Please find the supplemental responses from Two Rivers Utility, LLC (“Two Rivers”) below.

Rule 1220-04-13-.17(2)(c) Managerial Ability

1. ***Rule 1220-04-13-.17(2)(c)4. Proof that the party contracted to install the proposed system has a valid and current contractor's license by the applicable licensing board of the State of Tennessee.*** The licenses provided are for septic tank installation and not for the construction of decentralized systems at issue with SOPs. The Consumer Advocate could not find a state contractor's license, specifically. An example of such a license can be found in TPUC Docket No. 25-00053 (Petition, Exhibit 20). A copy of Exhibit 20 is found below:

Please file the appropriate state license in the Docket.
