

May 9, 2006

NOTES TO FILE: ICG Telecom Group, Inc. 93-07922

On May 4, 2006, BellSouth responded to the TRA's May 3, 2006 data request regarding ICG Telecom Group, Inc., indicating Bell does show that ICG is being provided services in Tennessee.

On May 8, 2006, I spoke with Suzie Grant (303-290-1635), legal assistant to Mary Tribby, at Holland and Hart (the law firm who filed the request to cancel ICG's certificate and stated they had no customers in Tennessee). She has spoken with BellSouth and obtained the name and contact person at ICG who set up these accounts. She is attempting to locate and speak with that person and inquire as to the status of ICG Telecom Group, Inc. in Tennessee. She will respond to me when she determines whether the company intends to proceed with the cancellation and comply with TRA rules regarding customer notification.
