RE: Docket # 93-09040 – Notice of Intent to Serve

Dear Chairman Jones,

This letter is to provide notice to you and the Tennessee Public Utility Commission (“TPUC”) of Tennessee Wastewater Systems, Inc.’s (“TWSI”) intent to provide wastewater service to a customer at 1610 Oak Trail Drive, Columbia, TN 38401.

The TPUC (then the Public Service Commission) granted TWSI its original CCN in this docket to serve the Oakwood Subdivision in Maury County in 1994. Though not part of the present subdivision, this customer’s lot falls within the 175 acres submitted to and approved by the Commission as supported by the CCN. TWSI has the capacity available in the Oakwood system to provide service.

Enclosed with this letter are maps of the Oakwood Subdivision as approved by the Commission and customer’s location within the territory, the customer’s request for service by TWSI, and denial of service letters from the Maury County mayor and the Maury County Board of Public Utilities.

If you have any further questions, please do not hesitate to contact me.

Kind regards,

Jeff Riden  
General Counsel
