Re: *BellSouth Telecommunications, Inc.'s Entry Into Long Distance
(InterLATA) Service in Tennessee Pursuant to Section 271 of
the Telecommunications Act of 1996*
Docket No. 97-00309

Dear Mr. Waddell:

This is in response to the Hearing Officer's request that BellSouth provide a list of Authority proceedings and a brief description or explanation of how they relate to 271 14-point checklist items. All of the checklist items have been met by obligations set forth in interconnection agreements approved by the Authority, emanating either from negotiations or arbitrations, or a combination of both, involving BellSouth and numerous CLECs in Tennessee.

Attached is a matrix setting forth each of the 14-point checklist items, examples of interconnection agreements with specific references to applicable sections of those agreements addressing those checklist items and relevant references to BellSouth's proposed SGAT. This matrix was submitted as Exhibit JAR-3 to the testimony of John Ruscilli submitted in connection with BellSouth's 271 filing.

Also attached are brief summaries of four generic dockets undertaken by the Authority relating to checklist items. Copies of the enclosed are being provided to counsel of record.

Very truly yours,

Guy M. Hicks
